

Sonos® ZonePlayer 100

Wirelessly stream and amplify your digital music all over the house.

The Sonos ZonePlayer 100 (ZP100) distributes, plays and amplifies all your digital music and Internet radio, so you can enjoy it in any room in your house—regardless of where your music is stored.

With its built-in 50W per channel amplifier and THD+N < .02%, the wireless ZP100 delivers superior audio quality playback to every room. All you have to do is plug it in, connect your choice of speakers and you can listen to any song, in any room—from the bedroom to the backyard. Play the same song in different rooms, or different

songs in different rooms. Simultaneously. And the full-color wireless Sonos® Controller makes it easy to control all your music and all your ZonePlayers from the palm of your hand. You can have up to 32 ZonePlayers throughout your house—combining ZP100s and ZP80s—for the ultimate in multi-room music.

Sonos ZonePlayer 100 (ZP100)

It distributes. It plays. It amplifies. For great sounding music, anywhere you choose.

Wireless, multi-room digital music	ZonePlayers can go anywhere and connect wirelessly. Play the same song in different rooms, or different songs in different rooms—simultaneously. <i>The first ZonePlayer you install must connect to your home network using a standard Ethernet cable.</i>
Superior audio quality	Built-in, 50W/channel amplifier powers large or small speakers with component quality sound.
Easy setup	Automatic wired or wireless setup. Add new ZonePlayers with one-button press.
Plug-and-play access to millions of songs	Sonos plays music from your personal digital music collection (stored on up to 16 PCs, Macs and NAS devices), music services, radio services, Internet radio, or all of the above.
Analog audio input with digital encoding	Music from an external audio source (such as a CD player, radio or MP3 player) can be connected to a ZP100 and played by all ZonePlayers in the system.
Full-featured alarm	Alarm with clock, snooze and sleep timer lets you wake up or fall asleep to your favorite music or Internet radio station. Supports 32 different alarms.
Automatic music updates	Schedule your music library to automatically update on a daily basis.
