

play better. play smart.

TVee™ Model Two

Hear everything you watch...better!
Better sports, news, movies, games. Better TVee!

TVee Model Two consists of a soundbar — perfectly sized for screens of 32 inches or more — and a wireless bass speaker that can go anywhere in the room. That's it. One cable connects it all, and you control it with the remote you're already using.

Sports are sportier. News, newsier. And movies sound they way they were meant to be heard.

Shown: Midnight with Onyx grille

Boston®
play smart™

TV definitely not included.

Clutter-free setup
