INTERCHANGEABLE BATTERY SYSTEM

It all starts with the LiNX™ Cordless System battery. One interchangeable 18 Volt LITHIUM-ION battery powers the Hoover Platinum Collection™ Cordless Stick and Hand Vacuum for the ultimate in versatility, run time and cleaning performance.

FADE FREE POWER

SUSTAINED CLEANING POWER WITH LITHIUM-ION BATTERY

LITHIUM-ION technology ensures that LiNX™ Cordless System batteries sustain power until the battery is completely drained. None of the “slow fade” of both power and suction that you’ve come to expect from traditional Nickel Cadmium cordless cleaning products.
