

**AQUOS**[®]

THERE'S MORE TO SEE

With 15" and 20" screen sizes*¹, the AQUOS[®] S5U Series feature a distinctively narrow footprint and bottom-mounted speakers making it ideal for small places. The S5U Series utilize Sharp's proprietary Advanced Super View/Black TFT panel that provides high brightness, a 500:1 contrast ratio, and wide viewing angles. The EDTV Monitor is compatible with 480p signals from progressive DVD players and this series features HDTV compatibility via HD component input. The distinctive footed table stand easily removes for wall mounting applications using the VESA 100mm standard mounting pattern. The S5U Series are compatible with a wide range of brackets including Sharp's AN-PSMARM articulating bracket.

Features:

ASV (Advanced Super View) LCD Panel is a Sharp proprietary panel with Black TFT low reflection coating.

EDTV Monitor The S5U series can receive HDTV programs and 480p progressive DVD signals, and uses advanced 3:2 pull-down and I-to-P conversion to display EDTV (Enhanced Definition TV).^{*2}

High Brightness (450cd/m²) AQUOS Liquid Crystal Televisions are very bright, so you can put them anywhere -- even near windows, doors or other light sources -- and their picture is still vivid.

170°/170° Viewing Angles are so wide that you can view AQUOS Liquid Crystal Televisions from almost anywhere in the room!

60,000-Hour Lamp Life^{*3} Sharp's LCD backlight life is long enough to give you viewing pleasure for many years.

500:1 Contrast Ratio provides incredible images whether you're watching dark or bright scenes!

HD Component Input accepts HD signal and down converts the signal to fit the panel's resolution.

Specifications
