### features

#### ▶ New Psyc® Image

▶ **All New Stylish Design** represents high quality and power with a new look in portable entertainment

▲ **ATRAC3plus™/MP3 playback Capability** ATRAC3plus is an advanced audio compression technology offering multiple bit rates, allowing you to create music compilations tailored to your listening preference with the ability to get up to 490\* songs on 1 CD-R/RW disc @ 48kbps. ATRAC3plus offers extended song capacity with superior sound quality. You can also play back MP3 files (16-320kbps) downloaded and recorded onto a CD-R/RW disc, including compilations from your CD recorder deck

▲ **Supplied SonicStage™ Software CD ROM** is easy to use and allows you to create your own ATRAC3plus music file compilations on CD-R/RW media using your PC's CD Burner. The ability to add your own titles and edit your music groups allows for an element of customization in your portable music

▲ **New Jog-Lever Operation for Music Search** means you scroll by turning the Jog Dial to find the track you're looking for

▲ **2 Line Dot Matrix Display** provides ID3 tag information for fast and easy identification and location of your ATRAC or MP3 selections and makes it easy to search all music files even in another folder layer

▲ **Bookmark Playback Function for Easy Programming** You can easily program your favorite songs from multiple CDs and play them back with the touch of a button. This feature makes it easy to program and playback a personalized mix of your favorite songs

• **Digital AM/FM Stereo Tuner** provides the most accurate drift-free tuning of AM and FM radio stations and lets you choose from the wide variety of talk shows and music programs, with the added enjoyment of stereo sound.

• **10-Key Direct Access™ Remote Control** Full sized remote control including keys to directly access tracks on a CD as well as preset stations programmed into tuner memory.

• **AC/DC Operation:** Power your boombox by batteries or use the supplied AC adapter

▲ **New Vertical Loading CD Mechanism** gives you more room on your desk with this high tech feature

• **Mega Bass® Sound System** produces rich, deep, bass tones for more powerful overall sound.

• **30 Station Memory Presets** uses electronic settings for easy, one-button tuning of your choice of 10AM or 20FM stations.

• **CD Play Modes (Program/Shuffle/Repeat)** lets you hear tracks in multiple modes; in sequence as recorded, in program (RMS) order, all tracks in random (shuffle) order or a single track over and over.

• **Available in Spark Gray**

### specifications

**Digital Filter:** 8X Oversampling

**Digital to Analog Conversion:** 1 Bit

**CD Frequency Response:** 20-20000Hz, +1,-2dB

**Tuner Frequency Range:** AM: 530-1710kHz

FM: 87.6-108MHz

**Tuner:** Auto Scan, FM20/AM10

**Antenna System:** AM: Built-in Ferrite Bar Antenna
