

Great cleaning performance. More loading and capacity options.

Have a family? Then you know there are always dirty dishes in the house ready to be washed. Or maybe entertaining is what keeps your kitchen hopping? However your kitchen works, Maytag is ready to help you clean up. We offer a variety of solutions for all the different ways people wash dishes.

WHICH MODEL IS RIGHT FOR YOUR KITCHEN?

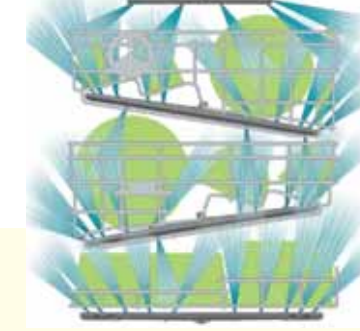

Answer these questions to help determine which models and features you need to solve your everyday challenges.

1. After loading your dishwasher, do you still have a sink full of pans and odd-sized items to wash by hand?
2. Do you wash your dishes before you load them in your dishwasher?
3. Does your dishwasher have room for all the dishes your family gets dirty?
4. Do you almost prefer to handwash dishes so you won't have to listen to the noise of your dishwasher?
5. Do you handwash baby bottles just for the added peace of mind that they'll really get clean?
6. Do you only load the dishwasher halfway to make sure every dish will get sprayed?

Dishwashers

Maytag® Jetclean® III Dishwashers

World's Only Dishwasher With Three Full Racks.

STANDARD FEATURES YOU DEPEND ON FROM MAYTAG

EXCLUSIVE DESIGN

- FlexLoad™ Third Rack

- 7 Wash Levels
- Deluxe Split & Fit™ Silverware Basket
- Monochromatic Frameless Door Panel

BUILT-TO-LAST™ FEATURES

- Powerful 1/3-HP Motor
- Ball-Tip Tines
- Stainless Steel Hard Food Disposer

FlexLoad™ Third Rack

The third rack opens up new space in the bottom of the dishwasher for odd-shaped items like casserole dishes, baking pans, frying pans, bowls and more.

Four Wash Arms

Four wash arms provide thorough spray action above and below each rack of dishes. The 7-level/10-tier high-pressure, high-flow wash system powers away soil using more active cleaning jets than any other brand, so you don't have to prewash the dishes.

Semi-Integrated Control Panel

A stylish and functional design element integrates the control panel on the top of the door instead of on the front — adding a sleek, clean look to the kitchen. (select models)

STAINLESS INTERIOR

MDB9750

Standard Features Plus:

- Microprocessor Controls With 13 Touch Pads
- Semi-Integrated Control Panel

Maytag® Jetclean® Dishwashers

Maytag Dependability At A Great Value.

STANDARD FEATURES YOU DEPEND ON FROM MAYTAG

- High-Pressure Wash System
- Micro-Mesh® Self-Cleaning Filter
- Hard Food Disposer
- 2-/4-/6-Hour Delay Wash
- Removable Upper Rack

BUILT-TO-LAST™ FEATURES

- Powerful 1/3-HP Motor
- Ball-Tip Tines
- Durable Copolymer Interior
- Stainless Steel Upper Tracks

Induction Motor

The same type of motor found in demanding heavy-duty appliance and commercial applications. It runs quietly and has fewer moving parts for a longer, more reliable life.

Stainless Steel Swivel Impellers*

Tough, rust-resistant impellers rotate 360° to continuously move food into the shredding zone for jam-free grinding.

Stainless Steel Sink Flange

A durable sink flange constructed of 100% stainless steel offers years of rust-free, dependable service. (select models)

*Turntable shown found in models DFC7500 and DFB6500.

MDB4601

Standard Features Plus:

- Microprocessor Controls With 8 Touch Pads
- 4 Wash Cycles
- QuietSeries™ 100 Sound Package
- Control Lockout

Racking Options:

- Deluxe Removable Upper Rack With Shelf
- Removable Silverware Basket
- Cradled Tines (Lower Rack)

Cleaning Options:

- High-Temperature Wash
- Extended Wash Option

Colors: White (With Reversible Bisque Panels), Black (With Reversible Bisque Panels)

MDB3700

Standard Features Plus:

- Timer Controls With 6 Push Buttons
- 4 Wash Cycles
- QuietSeries™ 100 Sound Package

Racking Options:

- Deluxe Removable Upper Rack With Shelf
- Removable Silverware Basket

DAX1000 DECORATOR PANEL INSTALLATION* (WOOD)

Door Panel		Access Panel	
Dimensions	in. (cm)	Dimensions	in. (cm)
A	23½ (59.8)	A	23½ (60.2)
B	18½ (46.2)	B	4¾ (11.7)
C	1 (2.5) min.	C	¾ (0.5)
D ¹	¾ (1)	D	¾ (0.5)
E	¼ (0.6)	E	¼ (0.6)
F	½ (0.3)		
G	¼ (0.6)		
H	¼ (0.3)		

Note: ¹ ¾" maximum thickness in this area.

*Requires kit DAX1000AXX (kit includes auxiliary door springs to compensate for added weight of wood panel; maximum door panel weight is 11½ lbs.). Wood panels should be coated with a protective finish (varnish or polyurethane).

DAX3090/DAX3000 PANEL INSTALLATION (WOOD)**

Door Panel	
Dimensions	in. (cm)
A DAX3090	25¼ (65.9)
A DAX3000	25 (63.5)
B Both Kits	23¾ (59.2)

Spacer Panels	
Dimensions	in. (cm)
C Both Kits	1¼ (3.2)
D DAX3090	23¼ (60.2)
D DAX3000	24¼ (62.9)
E Both Kits	3 (7.6)
F Both Kits	3 (7.6)

Note: Door panels may be ¼ (6.4 cm) or ¾ (1.9 cm) thick. ¾"-thick door panels require the addition of ¼"-thick spacer panels as indicated by the shaded areas in the diagram. ¾"-thick door panels should be installed without spacer panels. See installation guide included with kit for complete specifications.

**Requires kit DAX3000AXX or DAX3090AXX (kit includes auxiliary door springs to compensate for added weight of wood panel and all applicable shims; maximum total panel weight is 13 lbs.). Wood panels should be coated with a protective finish (varnish or polyurethane).

Dishwasher Cabinet Opening

- Locate preferred drain area.
- Keep back free of drain, water and electrical supply.
- Minimum 32" drain hose height, minimum ½" drain line. Floor drains require a siphon break.
- Electrical and plumbing should meet all local and national codes.
- Electrical and water supplies should enter cabinet opening on the floor or through the back or side walls, as shown in the shaded portion of drawing.
- Connections preferably located toward left side of dishwasher. Care should be taken to route water and electrical away from motor and blower (if equipped).
- When dishwasher is installed in or near a corner, allow enough room for the door to open without interfering with cabinet drawers or hardware.

IMPORTANT
Cutout Dimensions Are Critical
Refer to installation instructions packaged with product BEFORE making cutouts.

- Electric supply (all models): 115 VAC, 60 Hz. 15-amp fuse or breaker required. All models UL-listed.
- ¾" female pipe thread connection is attached to water valve. Water should be at 120°F to 140°F as it enters the dishwasher.
- ENERGY STAR®-qualified models exceed federal energy-efficiency standards by 13% or more.
- Order accessory kit DAX1000AXX for installing custom panels, DAX2000AXE for white panels, DAX2000AXM for bisque panels or DAX2000AXS for stainless steel panels.
- Order accessory kit DAX3000AXB, DAX3000AXW or DAX3000AXQ for Jetclean® III and Jetclean® II models.

All Maytag® appliances are appropriately UL-, AGA-, CSA- or CGA-approved.

Important: Because of continuous product improvement, Maytag reserves the right to change specifications without notice. Dimensional specifications are provided for planning purposes only. For complete details, see installation instructions packed with product before selecting cabinetry, making cutouts or beginning installation.
