CHARLESVIANCIN®
INSPIRED BY NATURE®

THE MAN BEHIND THE BRAND

Nature’s imagery is infinite and has always motivated me to design functional products for the kitchen and home that are inspired by its beauty. As I continue to search for new inspirations, I looked to nature’s hardier and stronger offerings to create a new range for 2017.

Timber™, Granite™ and Crystal™ add a new dimension to the Charles Viancin® assortment, offering more contemporary designs and neutral colors that will work in modern kitchens to outdoor BBQs.

It is with great joy and happiness that after 10 years I can continue to create and offer new and dynamic inspirations to you and your customers.

I now invite you to discover and enjoy our 2017 assortment.

WHAT IS FOOD GRADE SILICONE?

Charles Viancin® products are food-grade safe and BPA free which is integral to our health. Materials & Additives used exceed European (LFBG) and US Food & Drug Administration (FDA).

CREATES AN AIRTIGHT SEAL

to keep food fresh for longer and seal in heat during cooking.

DISHWASHER SAFE.

SAFE AT EXTREME TEMPERATURES.

Microwave and Oven safe up to 428F/220°C and freezer safe down to -40F/-40°C. Made from the highest quality food grade silicone for **Baking, Steaming, Cooking and Reheating.**

AIRTIGHT LIDS

Charles Viancin® Airtight Lids are the core of the Charles Viancin® line. Designed to be as beautiful as they are practical, the Charles Viancin® Airtight Lids have several uses.

As storage lids, they create an airtight seal preserving food longer and saving on plastic wrap and aluminum foil. They work on any smooth rim bowl, pot or container.

They withstand extreme temperatures up to 428F/220°C. They are oven and microwave safe.
