

Communications for Everyday Living.

ELAN[®]
Life Just Got Better[®]

Paging • Intercom • Door Station Communications & Latch Control and much more . . .

Quite Simply, A Better Way

Simplify your life, feel more secure and open up a whole new world of communications within your home with ELAN.

In 1989, ELAN was the first to turn a home's standard touch-tone telephone into a convenient and intuitive way of communicating throughout the house, providing indispensable in-home communications from any room. Since then, features such as house-wide paging, phone-to-phone intercom, door station communications and more have become an everyday part of the lives of ELAN system owners.

Easy household communications and unique benefits.

- No more shouting – you'll always be heard
- No more running – answer the door from any room
- No more wondering – know your visitors before you let them in
- And, a lot more peace and quiet

You'll wonder how you ever lived without it!

Convenient in-home communications.

Simplify Your Life

Call the family to dinner. Announce that there is a caller holding. Speak one-on-one with household members in other rooms. These are just some of the ways ELAN can simplify your life and create an environment of easy in-home communications.

The concept is surprisingly simple. Instead of walking up to an intercom box or keypad mounted on your wall, just pick up the nearest telephone. Coded or cordless, from the bedroom or the backyard, any phone in the house is your means to instant communications.

More than music, video and automation, homeowners claim that ELAN communications are the most-used feature of their home entertainment system.

It's as easy as picking up a phone.

- Save your energy – and your voice
- Use it every day
- Easy enough for the entire family to use

Your Door to Easy Living

Inside your home and out . . . ELAN makes the things you do everyday easier, such as answering the door.

Any phone in your home can be used to talk with visitors and even let them in. Our truly weather-proof Door Station lets you enjoy clear, two-way conversations with visitors at any door and add a stately elegance to any home. Beautiful door chimes of the highest audio quality are heard through every speaker in the house, even beyond the foyer.

More than just convenience.

- Don't miss important visitors
- Pre-screen unwanted guests
- Enhance the presence of any entryway

Blends perfectly into your environment with five finish options.

Added Comfort & Security

Not only can you speak with visitors at any door, you can feel safe and secure every time your doorbell rings.

An ELAN Door Station with built-in color camera allows family members to view visitors on any television, monitor or ELAN VIA! Touch Panel in your home before they open the door. The Door Station's all-weather design and clear night-time viewing ensure that you will always know who's there.

Put your mind at ease.

- View and talk with visitors at the door before opening it
- Ensure uninterrupted monitoring with our all-weather Door Station / Camera designs
- Place up to 1000 feet away – ideal for gates at the end of driveways

Safely see who's at the door.

More Control, Convenience & Fun

Automated Control

With an ELAN Communications Controller there's no need to get out of bed if you happen to leave the garage door open. Just reach for the phone and close it. Or turn the lights off downstairs. Or start your coffee pot perking when you wake up. Your phone can now do all this and more.

One-Touch Features

Already simple and intuitive, all the ELAN communication and control features can be reduced to a single button press when programmed into your phone's speed dial numbers.

Visitor Viewing Anywhere

ELAN's COM2 Communication Controller and Door Stations were designed to integrate seamlessly with ELAN Multi-Room A/V systems, making it simple to have visitors automatically "pop up" on any ELAN VIA! Touch Panel or television in your home whenever the doorbell rings.

Selectable Door Chimes

ELAN lets you choose from a selection of ten audiophile-quality digital door chimes that are broadcast throughout your home, including some distinctly unique and fun chimes for holidays and special occasions. And it's so easy to do from any touch-tone phone.

A solution for every entryway.

ELAN In-Home Communications Features

COM2 Communications Controller

- Convenient alternative to on-wall intercoms & expensive phone systems
- Compatible with most corded & cordless touch-tone phones
- Hear high-quality paging & door chimes throughout your home over your multi-room system's speakers
- Phone-to-phone intercom
- Caller-on-hold / Music-on-hold
- On-hold & off-hook alerts (defeatable)
- Whole-house music mute
- Telemute (music mutes when phone rings)
- Independent access to 4 ELAN Door Stations
- 10 user-selectable digital door chimes
- 4 phone-activated triggers can control garage doors, lights, and more
- Dual telephone line inputs for communication features on two lines
- USB port for downloading future enhancements
- Available in shelf & rack mount versions

DSS3, DSF3, DSC3 Door Stations

- All-weather, tarnish-proof design looks beautiful year after year
- High-quality speaker and microphone for clear 2-way communications
- Color camera model (DSC3) for viewing visitors on TVs and ELAN touch panels
- Ideal for gates. Can be located up to 1000 ft. away from house
- Built-in door-latch relay responds to COM2 commands
- Stylish, lighted-rim doorbell button
- Available in flush- and surface-mount models
- Available in 5 finishes: Oil-Rubbed Bronze, Satin Nickel, Polished Brass, Polished Chrome & Ivory

Systems, Options & Upgrades

ELAN in-home communications are easily and affordably integrated into any ELAN system, and chances are we have a system that's just right for you . . .

ELAN Enhanced Security

Watch the kids out by the pool. View the nursery or playroom. Monitor patios, the boat house or the tree house. ELAN all-weather CCTV Color Cameras, Quad Processors and Accessories can set your mind at ease.

ELAN Multi-Room Systems

From a basic three rooms of music to a sophisticated thirty-two zones of audio and high-definition video, ELAN has a Multi-Room system to fit your needs and lifestyle.

ELAN Control Interfaces

From easy, one-touch access to your home entertainment, to controlling lights, climate, security and home theater – ELAN has a simple, elegant way to control it all.

ELAN Entertainment Sources

ELAN features the most comprehensive line of multi-room music and video source components available today. Listen to your iPod®, AM, FM or satellite radio. Enjoy your entire digitally-stored CD collection. Easily access all your DVDs. All your favorite entertainment is at your fingertips from any room in your home.

ELAN Architectural & Free-Standing Speakers

From your Home Theater, to your walk-in closet, or out on the deck, there's an ELAN in-wall, in-ceiling or free-standing speaker that will please your ears, eyes and budget.

Reflects your style & personality.

Juli from our inside sales team

The Company & the People

ELAN Home Systems has been a leading manufacturer of innovative, award-winning multiroom audio/video and home automation systems since 1989. Based in Lexington, Kentucky, the company was the first to integrate audio, video, phones and third-party products to create a seamless, easy-to-use “whole house” experience.

ELAN is also credited with being the company to create the whole-house system, and has since been first to market in numerous categories including multi-room audio, structured wiring and video tied to touch panel controls – to name a few.

Today, the company’s unique products provide complete lifestyle, feature-rich solutions, yet are flexible enough to be configured to fit the needs and budget of every homeowner. We have introduced hundreds of products in the last few years; each carefully designed to meet the discerning needs of our customers and A/V Design and Installation professionals.

Our people are incredibly passionate and completely dedicated to serving your needs both through products and world-class customer services.

ELAN products are sold through a specialty channel of Dealers and Distributors throughout the US, Canada and 58 countries worldwide.

To learn more about ELAN, we welcome you to visit us today at www.elanhomesystems.com or telephone us at 859.269.7760 to find the nearest authorized ELAN Dealer in your area.

“From affordable whole-house audio, to six-figure control systems, ELAN has a good/better/best package for almost every home.”
