

TUF Gaming M3 ergonomic wired RGB gaming mouse with 7000-dpi sensor, lightweight build, durable coating, heavy-duty switches, seven programmable buttons and Aura Sync.

- Ergonomic and lightweight for comfortable high-speed maneuvering using claw or palm grip.
- Gaming-grade 7000-dpi optical sensor for pixel-precise tracking, plus two DPI buttons for on-the-fly sensitivity adjustments.
- Validated for tough duty with a specialized coating for added durability, 20-million-click switches and Teflon® feet built for up to 250km of use.
- Customizable ASUS Aura Sync RGB lighting with cross-device synchronization for infinite illumination possibilities.
- Seven tactile, programmable buttons and onboard memory for custom button configurations to let you play your way, wherever you go.
- Armoury II utility with extensive controls and an intuitive UI for easy settings to make the mouse your own.
