## SADDLE TRAMP HEX-GRIP PHONE MOUNT

SALES 800-221-0932

### PRODUCT OVERVIEW

Take your mobile device on or off road with the BC-MC6FPM. With a clever four arm six finger design, this phone holder sports great holding power without hiding your phone or phablet behind foam pads and plastic. While your device is mounted you can access the screen, buttons, charging port, etc. No need to unmount your device to use it, this keeps your hands on the handlebars. This is the perfect accessory to combat the rough environment of today's 2, 3 and even 4 wheeled on or off road ATV/UTV vehicles.

- 4 articulating metal arms with 6 rubber finger tips hold the device firmly and securely
- Fits most devices (with or without case) min. 1-7/8" to 3-7/8" width and 7/8" depth
- Secure tether fits most devices up to 6-3/4" diagonal (including case)
- 360° rotation ball and adjustable bracket design
- Mounts on any round handlebar from 1/2" to 1-1/2" diameter
- High-strength composite's and steel construction with powder-coated marine-grade aluminum

### EASY INSTALLATION - 2 mounting options:

1. U-bolt mounting base for bars, easy to install the mount on any round handlebar from 1/2" to 1-1/2" diameter, and includes a rubber vibration and protection strip
2. Mirror mount, mounts to the base of your mirror

### KIT COMPONENTS

- 6 finger adjustable mount with 1" ball
- 2 Saddle Tramp adhesive mounting pads
- 2 extra rubber finger grips
- 1 installation wrench
- 1 secure tether (silicone)
- 1 double ball socket twist mount
