

CLUB SERIES+

ELLIPTICAL CROSS-TRAINER

NATURAL STRIDE

The 20" (50.8 cm) stride has a smooth and fluid motion developed from years of research. The result is comfort and a natural feel that is similar to running, without the impact on the joints.

INTEGRATED RESISTANCE CONTROLS

Change workouts easily on the fly with resistance controls that are integrated into the multigrip handles.

COMFORTABLE FLEXFORM PEDALS

The large, nonslip 15" (38 cm) FlexForm™ crowned pedal shape helps reduce numb foot. Ankle motion is limited to less than 15 degrees, which enhances comfort.

WITH BUILT TO LAST

Built with the same rugged durability as the cross-trainers found in busy health clubs. The Club Series+ promises to be a trusted workout partner for the long haul.

Bring home your favorite workout from the gym with the Life Fitness Club Series+. Rooted in 20 years of reliability and innovation, this workhorse cardio series is a trusted fixture in top facilities across the world and it has a modern design that looks great in the home.
