

GAS Available in Natural Gas or Propane (LP) **6-YEAR POWER VENT**

- Available in 40-, 50- and 75-gallon nominal capacity
- 6-year tank and parts limited warranty, 1-year labor limited warranty
- Electronic gas control valve that provides precise temperature control and operational status
- Sidewall venting up to 180 feet
- Vents using inexpensive schedule 40 PVC, CPVC or ABS pipe
- More powerful modular blower with 110/120 volt electrical system, factory installed 7-foot power cord
- Advanced electronic controls with electronic ignition, no standing pilot saves energy
- Glass-lined tank with heavy-duty anode rod protects against corrosion
- Factory-installed PEX polymer lined heat trap nipples
- Factory-installed temperature & pressure (T&P) relief valve

ENERGY STAR® Qualified Models

Power-Vent Tall	6 50 YTVIT*	50	48	124	76,000	96	0.88	22	71 1/8	\$213

For propane gas water heaters, change "G" to "L" or "N" to "P" or "Y" to "H," or "X" to "C," in the model number. For example: 6 50 YRVIT becomes 6 50 HRVIT.

*Not available in propane gas. ‡Some propane gas models have slightly lower inputs than natural gas models, which may reduce First Hour Rating and recovery by up to 3 gallons on propane models. †For complete information consult written warranty.

6 75 YRVHTL and 6 75 HRVHTL Power Vent models are factory equipped with side taps for space heating applications where plumbing codes allow.
