- Sony | Music Center app [4]
- Fiestable app [4]
- Add to the fun with up to 100 speakers via Party Connect [5]

Features

Enjoy powerful sound anywhere

With a mid-range speaker for vocal clarity, front and rear tweeters for multi-directional sound, and X-Balanced speaker units for deep, punchy MEGA BASS™, the XP700 speaker is tuned to enjoy all different genres of music. The powerful rear tweeter makes the XP700 sound incredible from anywhere – even from behind the speaker – so you can place the speaker anywhere you like.

All-day battery life with quick charging plus Battery Care

Keep the party going with up to 25 hours of battery life [1] on a single charge, and USB-C quick charging gives you up to 3 hours of playback after just 10 minutes of charge time1 When charging your speaker, the Battery Care feature stops charging just before the battery reaches 100% to increase the health and life span of battery.

X-Balanced speaker units enhance sound quality and provide deep bass

A unique, Sony-developed speaker unit allows for deep, punchy MEGA BASS™ and higher

sound levels while maintaining clarity.

IPX4 Splash-resistant design

With an IPX4 splash resistance rating, the XP700 speaker can stand up to splashes and spills, so you can enjoy the party with no worries.

Bring your music to life with indirect illumination

Give your party a fresh, modern look with the indirect illumination lighting concept of the XP700. The colorful, inviting glow of the LEDs make it a perfect fit for both parties and everyday use.

Unleash your inner pop star

Plug in a microphone or a guitar via the mic/guitar with dual inputs in the rear port. When connecting a guitar, the XP700 can be used as a guitar amp.

Portable, easy-to-carry design

The built-in handle makes it easy to take the XP700 with you and enjoy music anywhere you go.

BLUETOOTH® wireless connectivity

BLUETOOTH® streaming connectivity makes it simple to stream your party playlist from your Bluetooth-enabled media device.[3]

USB play & charge

Plug your smartphone or media device into one of the rear USB ports and play music while it charges via the speaker's power supply. You can also plug a USB memory stick or flash drive into a USB port to play your digital files.[2]

Stand it up or place it on its side

Whether the speaker is placed horizontally or vertically, a built-in sensor optimizes audio accordingly to maintain sound quality.

Control the party with the Sony | Music Center app[4]

Control the party from the dance floor with the Sony | Music Center app [4]. Select your favorite playlists, cue the next song, change lighting patterns and sound modes, and more.

Fiestable app[4]

Download the Fiestable app [4] to control the lighting and turn it on/off. You can also use motion control gestures on your smartphone screen.

Get things booming with Party Connect[5]

Enjoy the same song, multiplied, with Party Connect. Connect up to 100 wireless speakers with BLUETOOTH® technology and the music and lights sync up so everyone dances to the same beat.[3] Set a random pattern or set the lights to blink in a circle. [5]
