Study is better with play

Strike a perfect balance between study time and playtime with Samsung Galaxy Tab S7 FE, the tablet designed to bring your projects to life. Galaxy Tab S7 FE wows the senses with dual speakers and an expansive 12.4" screen that's easy on the eyes, whether you're inside or outside. The redesigned S Pen* even feels more like a real pen, allowing you to take notes comfortably by hand or sketch out your ideas in rich detail. With a lightning-fast processor for streaming and plenty of space to store your work, you can now level up your possibilities. Tie it all together with a distinctive color that fits your personal style, and discover an exciting way to crush your goals.

Big screen. Big experience.

A large display brings your content to life in brilliant color whether indoors or outdoors, making it great for study time or for a quick entertainment break.

Bold colors. Bold statement.

It's all about the details, so make it unmistakably yours with a selection of four vivid colors. What a great way to make your tablet stand out with a stylish look that's oh-so-you.

Write. Draw. Click. Tap.

Take notes in class, sketch out an idea or even doodle with the included S Pen*, featuring a responsive new design that feels closer to pen on paper than ever before.

More workspace. More ways to get work done.

Master every assignment with Galaxy connectivity. Get more done on an expanded workstation that lets you hand off content between your devices, or enjoy a PC-like experience with multiple windows open on your tablet.
