

WLANS7

Wireless TV Adapter

Watch TV with 360 Spatial Sound using your existing Sony wireless headphones with Bravia XR TV's. The WLA-NS7 Wireless Transmitter utilizes a Bluetooth® connection to make your favorite content even more immersive. ¹ Simply connect the transmitter to your TV, pair your headphones, and personalize the sound using the Sony | 360 Spatial Sound Personalizer App.²

Bullets

- Connect seamlessly to your TV¹
- Experience Dolby Atmos with select Sony headphones and Bravia XR TV ²
- Compatible with most TVs
- Lower lag time than a traditional Bluetooth connection ¹
- Compatible with most Sony headphones

Features

Quick and easy connection with your TV

Connect the WLA-NS7 to your TV with the supplied optical cable, then pair your Sony wireless headphones with the transmitter to enjoy incredible personalized audio.

360 Spatial Sound Personalizer²

Analyzing the shape of your ears, your Sony headphones work with the WLA-NS7 and BRAVIA XR TVs to create the ideal arrangement of phantom Dolby Atmos speakers all around you, making it feel like you are in the action.²

Compatible with most TVs

The simplified plug-and-play wired connection means the transmitter is compatible with most modern TV sets.

Low lag time

Compared to traditional Bluetooth connections, the WLA-NS7 features reduced lag time, providing a seamless audio/visual experience with your favorite movies, shows, games, and more.

Compatible with most Sony headphones

Utilize the WLA-NS7's Bluetooth connection to connect a wide variety of compatible Sony headphones to your TV.¹
