

HERO 8 BLACK

Amazing HyperSmooth 2.0 video stabilisation and SuperPhoto combine with a tough waterproof design to make HERO8 Black one of the most versatile HERO cameras ever. Swapping mounts takes just seconds thanks to built-in folding fingers. And with the optional Media Mod, you can add more lighting, pro audio and even another screen.

WHAT'S INCLUDED

FEATURES + BENEFITS

Expandable Mods System

Vloggers, pro filmmakers and aspiring creators can customise their setup with HERO8 Black mods.¹ Media Mod features a built-in directional mic and lets you attach Light Mod and Display Mod to up your capture game.

HyperSmooth 2.0

Now HERO8 Black has three levels of stabilisation – On, High and Boost – so you can pick the best option for whatever you do. Get the widest views possible or boost it up to the smoothest video ever offered in a HERO camera. Plus, HyperSmooth works with all resolutions and frame rates, and features in-app horizon levelling.

TimeWarp 2.0

Capture super-stabilised time lapse videos while you move through an activity. Choose the speed yourself or let TimeWarp automatically adjust the speed based on motion, scene detection and lighting. You can even slow down the effect to real time – savouring interesting moments – and then tap to speed it back up.

SuperPhoto + HDR

Capture killer 12-MP photos with improved HDR – while in motion or stationary – with reduced blur and serious detail, even in low-light areas.

LiveBurst

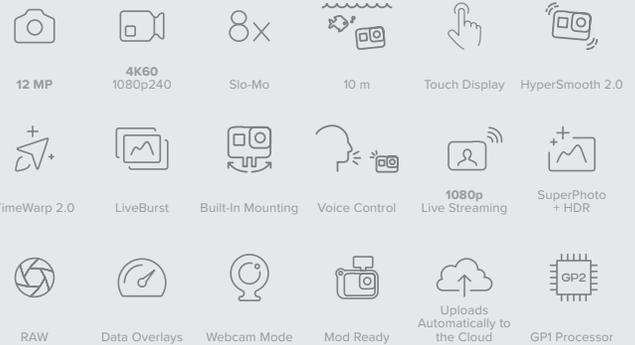

Record the moments 1.5 seconds before and after your shot, so you can choose the best single frame for the perfect photo – or an amazing, shareable video.

Night Lapse Video

Capture amazing time lapse videos at night in 4K, 2.7K 4:3, 1440p or 1080p – all processed in-camera.

Digital Lenses

Framing your shot is as easy as tapping a new digital lens. Choose from Narrow, Linear, Wide and SuperView.

Live Streaming in 1080p

Share while you're there. Live stream in 1080p on social media, get HyperSmooth stabilisation as you broadcast via the GoPro app and save footage to your SD card to check out later.

Streamlined Design

The sleek shape features built-in folding fingers that let you easily swap mounts in no time. A side door makes changing batteries even faster, and the lens is 2x more impact resistant than previous GoPro cameras.²

Voice Control

Go hands-free with 14 voice commands such as "GoPro, take a photo". Even if the camera is off, you can say, "GoPro, turn on". HERO8 Black understands English (US, UK, AU and India), Chinese (Mandarin), French, German, Italian, Japanese, Korean, Portuguese (BR), Russian, Spanish (EU and NA) and Swedish.

Advanced Wind-Noise Reduction

Enjoy crisp, clear audio with advanced algorithms that actively filter out wind noise.

RAW in All Photo Modes

RAW mode delivers the most flexibility in Photo, Time Lapse, Night Lapse, Night and Burst modes.

Presets

HERO8 Black comes preloaded with recommended video presets for Standard, Activity, Cinematic and Slo-Mo shots. You can even create custom presets for quick access to your favourite settings.

On-Screen Shortcuts

Customise your screen to quickly find the features you use most.

Intuitive Touch Screen

If you have a smartphone, using HERO8 Black will feel familiar. Three main capture modes with streamlined settings make navigating easy.

UPC Code:	818279026016
SKU:	CHDXH-802-RW

FEATURES + BENEFITS

Touch Zoom

Get closer to the action. Perfectly frame your photos and videos just by touching the screen.³

Portrait Orientation

Capture photos and videos in portrait orientation – perfect for your Snapchat and Instagram Stories.

Photo Timer

Jump in there. A photo timer makes it easy to grab a GoPro selfie or group shot with your whole crew in the frame.

Short Clips

Capture 15- or 30-second video clips that are just the right length for sharing.

Rugged + Waterproof

Share experiences you can't capture with your phone. HERO8 Black is rugged, waterproof to 10 m and down for adventure.

Pro-Quality 4K60 + 1080p240 Video

Stunning video resolution, impressive frame rates and super slo-mo combine with HyperSmooth stabilisation to make HERO8 Black a top pick for pro photographers.

8x Slo-Mo

Ultra-high frame rate 1080p240 video – with HyperSmooth 2.0 stabilisation – allows up to 8x slow motion to relive epic moments in all their glory.

100-Mbps Bit Rate

Record studio-quality footage with bit rate options of up to 100 Mbps. The results are staggering.

HEVC Video Format

Save space on your SD card. Use High Efficiency Video Coding (HEVC) to reduce file size without losing any image quality.

GPS + Motion Sensors

GPS captures your location, altitude and speed. To share your feats of greatness, add GPS performance stickers to your videos in the GoPro app.⁴

Face, Smile, Blink + Scene Detection

HERO8 Black knows when you face the camera, smile, blink and more. The GoPro app uses those details to handpick your best shots and create amazing videos.

GoPro App

The app lets you control your camera remotely, start and stop recording and offload media. Plus, you can make single- and multi-clip edits and share – all from your phone.

Auto-Backup to the Cloud With GoPro

Offload photos and videos from HERO8 Black to the cloud – automatically. A GoPro subscription even lets you upload from mobile for ultimate on-the-go convenience.⁵

Fast Charging Ready

Get back out there faster. The optional Supercharger power adapter charges your battery up to 38% quicker.⁶

Compatible With GoPro Mounts + Accessories

Wear it. Mount it. Love it. With over 45 compatible mounts and accessories,⁷ including mods to customise your HERO8 Black, you can capture incredible new perspectives.

EU REACH SVHC Disclosure on Candidate List REACH (Registration, Evaluation, Authorisation, and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework, also applicable in the UK as retained EU legislation. REACH requires GoPro to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1% weight by weight (w/w) to allow safe use of the product.

Substance of Very High Concern (SVHC)		
Substance Name	CAS Number	Comment
1,3 Propanesultone	1120-71-4	May be contained in main lithium-ion battery
1,2 Diethoxyethane	629-14-1	May be contained in internal coin cell battery
Diboron Trioxide	1303-86-2	May be contained in rear LCD
2-(2H-benzotriazol-2-yl)-4,6-ditertpentylphenol (UV-328)	25973-55-11	May be contained in front LCD

¹ Mods sold separately.

² Compared to HERO7 Black.

³ Touch zoom is available for photos and selected video modes only.

⁴ You must enable GPS on your camera to add GPS performance stickers to your videos in the GoPro App.

⁵ GoPro PLUS is a subscription service available in selected countries. Cancel anytime.

⁶ Compared to using a conventional 5-V, 1-A USB charger.

⁷ Not compatible with Karma Drone or Karma Grip.
