

DEC3650R

FEATURES

Split Climate™ intelligent cooling system revolutionizes Sub-Zero's already-superior preservation capabilities, keeping food even fresher for longer thanks to a variable-speed compressor and two fans that consistently optimize the refrigerator temperature within 1 degree of set point

Even when brimming with food, ClearSight™ LED lighting scheme fully illuminates the interior and reduces shadows, adding light where it's needed most—overhead, under each shelf, and in each crisper drawer

Sleek stainless accents trim the interior, matching the sophistication of the exterior

Easily customize settings—from lighting to humidity—with the tap of a finger via the conveniently accessible touch control panel

Night Mode optimizes the interior lighting based on the detected ambient light, reducing the brightness by 90% in dim environments

Lift the base of the flip-up dairy compartment to store taller items on the shelf below

Position adjustable door shelves at various heights to accommodate assorted items

Nano coating lines the perimeter of each glass shelf to create a hydrophobic barrier that helps contain spills

The easily accessible NASA-inspired air purification system scrubs the air of ethylene and odor every 20 minutes

Wi-Fi enabled features enable remote control of temperature, provide important door-ajar notifications, and assist with remote service diagnostics—all from your mobile device

Sub-Zero offers an industry-leading full two-year warranty on appliances, along with a full five-year sealed system warranty and a limited twelve-year sealed system warranty

Accepts custom panels for an integrated look within cabinetry or stainless-steel accessory panels and handles to match other Sub-Zero, Wolf, and Cove products
