# SR-NA10 / SR-NA18 Rice Cooker/Warmer

## Compact Design

Space-saving design frees up room on your countertop.

## Advanced Fuzzy Logic Technology

Adjusts power depending on how much rice is being cooked for precise cooking and more consistent results.

## 8 Menu Settings

For a variety of rice dishes and more . . .

- Regular Rice, Quick Rice (cooks approximately 15 minutes faster)
- Brown Rice, Sushi Rice, Rinse-Free Rice
- Rice Porridge, Steam (up to 60 minutes)
- Cake Baking

## In and Out Black, Non-Stick Coated Pan with Dimpled Bottom

Thick, dimpled bottom pan for better tasting rice with small water circulation. Non-stick coated pan makes cleanup easy and helps prevent cooked rice from sticking.

## 24-Hour Clock with Two Preset Timers

Set the time for when you want the rice to be done. With 2 preset time functions to memorize and 2 different settings for convenience.

## 12-Hour Keep Warm Setting

Automatically switches to the keep warm setting. Keeps food warm for up to 12 hours.

## Automatic Rewinding Cord Reel

For convenient, neat cord storage.

## Deluxe Steaming Basket (included)

This dishwasher-safe, deep steaming basket allows for a large amount of food to be steamed at one time. It attaches to the top of the pan so food doesn't come in contact with water and because the basket is made of plastic, it won't scratch the rice-cooker's non-stick coating like a metal basket would.

SR-NA10	
Product	Fuzzy Logic Rice Cooker/Warmer
Capacity	5.5 Cups
Accessories	Steaming Basket, Measuring Cup, Rice Scoop, Scoop Holder
Power Supply	120V AC, 60Hz
Power Consumption - Cooking/Keep Warm	620W/70W
