

The Protection Leader

Brenthaven is the trusted leader in protection for your mobile technology. We offer 3 protection systems - Premium CORE, CORE Light and Standard Protection – so you can choose the protection system that meets your needs.

Premium CORE

Best protection for your laptop

- Includes the Brenthaven 6-sided CORE Protection System (patent-pending)
- Maximum 2" foam protection, with reinforced corner and bottom case protection
- Rigid wall frame insert protects screen from punctures and sharp objects

CORE Light

Better protection for your laptop

- Includes the Brenthaven 6-sided CORE Protection System (patent-pending)
- 1" foam protection on side panels, corners and bottom of bag
- Rigid wall frame insert protects screen from punctures and sharp objects

Standard Protection

Good protection for your laptop

- 1.5" foam protection, with reinforced corner and bottom case protection
- Our Standard Protection is superior

How it Works

CORE Protection System

Smaller Notebook

The CORE Protection System remains flexed, cradling the computer securely into place and providing maximum protection.

Larger Notebook

The CORE Protection System expands, cradling the computer securely into place and providing maximum protection.

NOTE: The CORE expands up to 3.4" from the fully flexed position, to allow a custom fit for various notebook sizes.
