

CRS AMPLIFIER

The CRS Family of Amplifiers is the heart of the Component Rack System that brings unparalleled flexibility into the more traditional rack amp form factor. Like all Coastal Source systems, CRS incorporates our patented Plug+Play cabling system that ensures superior performance, reliability and speed of installation. The CRS amplifiers also allow for traditional balanced inputs and phoenix style outputs when traditional speaker wire is preferred indoors. These 1U sized amps allow for Direct Drive or 70v operation, traditional or Coastal Connector wiring, multi-channel & multi-zone operation, full DSP control, plus a myriad of other flexible features.

CRS AMPLIFIER SPECIFICATIONS

Size (L x H x W): 19in x 1.8in x 14.2in

Weight: 15.40 lbs

Construction: Powder Coated Steel
Anodized Aluminum

Power In: 120VAC

Impedance: Stable to 2 ohms

Mounting: Rack Mount

Wiring: Coastal Connectors or Bare Wire (Phoenix)

Warranty: 5-Year Limited Warranty*

CRS700/4

Power Out: 700W (175W/CH x 4)

Max Speakers: 10 (8 x 8 ohm sat, 2 x 8 ohm sub)

CRS1400/4

Power Out: 1400W (350W/CH x 4)

Max Speakers: 12 (8 x 8 ohm sat, 4 x 8 ohm sub)

CRS2800/4

Power Out: 2800W (700W/CH x 4)

Max Speakers: 24 (16 x 8 ohm sat, 8 x 8 ohm sub)
