

12.0 LINE SOURCE BOLLARD

This ground plane Line Source speaker takes full advantage of line array technology for high SPL & fidelity over very long distances. It utilizes patent pending variable waveguide technology to further enhance typical line array performance with constant coverage of near-field (4'-12'), mid-field (12'-36'), and far-field (36'-100') listening areas. The integrated high power bandpass subwoofer fills out the full frequency range. Its incredible efficiency is matched with 1,000W power handling to make this speaker a true outdoor marvel.

U.S. PATENT No. 11,044,540

Note: Features Uni-Connect 8C input and output connectors for easy daisy-chain installation.

12.0 LINE SOURCE BOLLARD SPECIFICATIONS

Size: 54.375 in. (H) x 12.375 in. (Ø)

Weight: 88 lbs

Construction: Rotomolded color through composite

Finish: Brown

Tweeter: (12) Radian Pro 3" Planar Ribbons

Mid-Bass Woofer: (6) Radian Pro 4" Cones

Subwoofer: Radian Pro 10" Laminate Cone

Power Handling (Complete Speaker): 1,000W Max Power

Power Handling (Low Freq.): 400W Max Power

Power Handling (Mid/High Freq.): 600W Max Power

Minimum Amplifier Power (Low Freq.): 200W

Minimum Amplifier Power (Mid/High Freq.): 100W

Frequency Response: 35Hz - 20kHz

Efficiency: 94dB 1w/M

Dispersion: 120° @ -6dB

Coverage Area: 100' (120° Cone)

Impedance: 8 ohms

Mounting: Freestanding, Partial Burial

Wiring: Uni-Connect Connector

Warranty: 5-Year Limited Warranty*

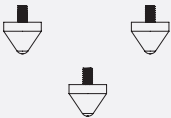

OUTDOOR LIGHTING AND AUDIO
[ENGINEERED] **FOR LIFE**

ORDERING INFORMATION

FIXTURE	TYPE	FINISH
LSB123W4-10 (12.0 LINE SOURCE BOLLARD)		BN (BROWN) 

LSB123W4-10 — BN e.g. **LSB123W4-10BN** = 12.0 Line Source Bollard

ACCESSORIES

SKU	ITEM	
RBRFT-11MM	Isolation Spikes	
RTS12xx	Removable Tip Stakes	 12" Stake
MMA3/4xx	3/4" Male-to-Male Adapter	
THG10BK	Theft Guard
