- INZONE Hub PC software allows you to personalize your INZONE H5 experience<sup>2</sup>
- Sound field tailored to you
- For PC and Perfect for PlayStation<sup>®</sup> 5

### Features

---

#### Let sound give you the edge

Experience 360 Spatial Sound for Gaming, pinpointing your opponent's every move so you can react first, and win more.

For audio tailored to you, fine-tune it directly in the INZONE Hub.<sup>1,2</sup>

#### Lightweight, comfortable, durable.

With its sleek nylon earpads, gentle side pressure, and plush headband cushion, the INZONE H5, weighing approximately 260g, promises unparalleled comfort for those extended gaming sessions.

#### AI Technology that isolates your voice.

With its bidirectional boom microphone and advance AI-based noise reduction, you can strategize with your teammates in real-time, free from interruptions.

#### Up to 28 hours of battery life and lower latency<sup>3</sup>

A low-latency 2.4 GHz wireless connection with USB dongle lets you play freely without cables for up to 28 hours,<sup>3</sup> though you'll always have the option of a wired connection when you want it.

## **360 Spatial Sound for Gaming**

In games that are won and lost in seconds, whoever reacts first often wins. 360 Spatial Sound for Gaming pinpoints opponent's footsteps, giving you unmatched situational awareness.<sup>2</sup>

## **Sound field tailored to you**

Sound is experienced differently depending on unique ear canal shape. Use the 360 Spatial Sound Personalizer smartphone app and get sound mapped to your ear shape and modified for the INZONE H5's audio output, for an even more detailed experience.<sup>4</sup>

## **Richer highs, more powerful lows**

40 mm drivers ensure that every gaming sound is authentically reproduced. It delivers genuine high to low frequencies, enhanced by housing ducts for richer bass. Experience gaming immersion like never before.

## **INZONE Hub**

Our INZONE Hub PC software allows you to personalize your INZONE H5 experience by customizing a wide range of operations, including a variety of sound and hardware settings. Fine tune sound frequencies to your game, for more clarity and immersion, using the EQ function.<sup>2</sup>

## **Comfortable and light weight**

The INZONE H5's design lowers side pressure while balancing stability and comfort to see you through any session.

## **Soft-fit earpad. Low side-pressure. Comfortable headband.**

With a broad headband for even weight distribution and breathable nylon earpads tailored for fit, these headphones provide lasting comfort.

## **Light mode or dark mode**

Bright white or sleek black; choose the color that suits your style or complements your set-up.

## **Make sure your voice is heard**

The high-quality, bidirectional boom microphone is designed to rest close to your mouth so that your voice is always heard clearly. Designed to isolate your voice and filter out ambient noises, so your teammates can hear your callouts loud and clear.

## **Clear communication powered by AI**

The INZONE H5's microphone doesn't just rely on design to help you deliver crisp, clear communication. It also leverages machine learning built from an AI DNN (Deep Neural Network). Our noise reduction algorithm was developed with AI machine learning using more than 500 million voice samples to suppress ambient noise and extract your voice clearly in a wide range of environments.

## **Flip to mute**

To mute your microphone, simply flip the boom mic up.

# SONY

## Find the balance between game and chat

Change the volume balance between game sounds and voice chat from your INZONE H5.

## Up to 28 hours of play<sup>3</sup>

With up to 28 hours of continuous play time, you can rely on the INZONE H5 to last as long as you need. And with 3 hours of play time from just 10 minutes of charge, you can be up and running as soon as you get back from a break.

## Play while charging

Running out of power? Charge your headset with the supplied USB cable and stay in the action.

## Lower latency with 2.4 GHz wireless connection

The INZONE H5 connects via a 2.4 GHz wireless USB dongle, powered by a low-delay algorithm.<sup>1</sup> Experience wire-free low latency, with reduced delay between the sound produced in-game and the output you hear, giving you better situational awareness, so you can react to and then dominate any situation.

## Wireless or wired, it's your choice

The INZONE H5 headset offers 3.5 mm audio cable support, so you can connect to your device however you like.<sup>1</sup>

## Sustainability in mind

Crafted with purpose, the INZONE H5 is a statement in style and sustainability. Our packaging is thoughtfully designed using recycled materials and eco-friendly non-woven cellulose. More than a product, it's Sony's pledge to a greener future by minimizing the environmental impact of our products and practices.<sup>5</sup>
