

42" Panel Ready Built-In French Door Refrigerator

JF42NXFXDE

Features

Daring Obsidian Interior

Inspired by volcanic glass, this industry-exclusive dark finish draws attention with high-contrast style. Fine foods and fresh produce emerge like vibrant art, with LED lighting showcasing your ingredients against the alluring interior.

Fully Flush, Fully Integrated Design

This integrated built-in refrigerator fits beautifully into any decor, blending into custom cabinetry with a truly seamless appearance, reflecting your appreciation for the fine details of design. Must be installed in a 25" deep cabinet to achieve the fully flush look.

Panel-Ready

Customize the exterior of your refrigerator with the aesthetics of your kitchen—from the integrated look of custom wood cabinetry to accessory stainless panel kits and handles (sold separately).

Multi-Point Cinematic Lighting

Illuminate food items against the Daring Obsidian Interior. Breathtaking Multi-Point Cinematic Lighting ramps up in intensity as you open the door, acting as a lightbox to increase visibility and highlight your ingredients.

Capacitive Touch Controls with LED Display

Independently command refrigerator and freezer temperatures with an integrated display that responds to your touch.

Water & Electrical

WATER PRESSURE

A cold water supply with water pressure between 30 psi and 120 psi (207 kPa and 827 kPa) is required to operate the water dispenser and ice maker. If you have questions about your water pressure, call a licensed, qualified plumber.

RECOMMENDED GROUNDING METHOD

A 115 V, 60 Hz, AC only, 15 A or 20 A fused, grounded electrical supply is required. It is recommended that a separate circuit serving only your refrigerator be provided. Use an outlet that cannot be turned off by a switch. Do not use an extension cord.

Cutout Dimensions

Custom Panel Dimensions

Maximum allowable weights:

- Door panel - 38 lbs (17.2 kg)
- Drawer panel (42" model) - 30 lbs (13.6 kg)

Legend	Model	Dimension
