

## 30" Panel-Ready Column Freezer

# JBZFR30IGX (Right Swing)

## Features

### Daring Obsidian Interior

Inspired by volcanic glass, this dark finish erupts with reflective, high-contrast style. Let fine foods emerge like vibrant art, begging to be devoured.

### Ecliptic Lighting

Live beyond the shadow, live beyond puck lighting. Over 650 LEDs frame and fill your column, coming alive at a touch of the controls. Each item illuminates in dramatic glory.

### Divinity Freezing

One provocative air tower. Two precision sensors. Calibrated every second. Master temperatures to keep humidity controlled and spirits impeccably chilled.

### Remote Access

Open door. Power outages. Filter changes. Connect to WiFi for real-time notifications and control your columns from anywhere. Tap and swipe on both iOS and Android devices.

### Solid Glass and Metal

All-metal bins and shelf frames. Thick, naturally odor-resistant solid glass. A forcefield at the edge that prevents spillovers. To hell with cheap plastic in luxury designs.
