MAIN ATTRACTIONS	Stern Pinball invites players to unleash their inner beast in King Kong: Myth of Terror Island, an all-new interpretation of the fabled King Kong story from the original novel in a one-of-a-kind gameplay experience, brought to life specifically for pinball.			
	Players join Ann Darrow, Jack Driscoll, and Karl Denham on their journey to the mysterious Terror Island which results in King Kong traveling back to New York City with disastrous (and fun) consequences.			
	Watch King Kong come to life as a custom sculpted King Kong will react to player action through new animatronic animation software, swinging his arms and torso to assert his dominance.			
	Summon Kong by hitting the custom sculpted Gong bash target but beware, when pinballs are locked into a New York City train car, an agitated King Kong will destroy and flip it over to start King Kong multiball.			
	Thrilling gameplay features and challenges await on this four flipper adventure. Encounter and escape danger as you enter “The Pit” on Terror Island. Guarded by a custom sculpted giant spider, this area magnetically grabs and attacks the ball so be prepared.			
	This pinball adventure highlights original animations, music, sounds and speech, with original art brought to life from legendary pinball illustrators Kevin O’Connor, Greg Freres, and Jeremy Packer aka Zombie Yeti.			
	Custom speech provided by comedy legend, Brian “Q” Quinn from *Impractical Jokers* fame.			
	Through Stern's award-winning Insider Connected™ platform, players can track progress, earn new game-specific Achievements, and explore Terror Island on an unforgettable treasure hunt of a lifetime.
