Features and Benefits

3D surround sound with Dolby Atmos®, DTS:X and MultiBeam™

Feel the intensity of your favorite movies, games, and music with the Harman Kardon Enchant 1100. With Dolby Atmos®, DTS:X, and MultiBeam™ technology, you'll be enveloped in a 3D surround-sound experience. Eleven drivers, including two 2.75" up-firing height channels for true Dolby Atmos® effects, deliver full-spectrum sound that's perfectly detailed even at high volumes, while MultiBeam™ technology creates a wider soundstage that fills your entire room without the hassle of extra wires.

Distinguished design

The Harman Kardon Enchant 1100 features more than fantastic sound. Its beautiful design makes it a joy to have in your home, blending seamlessly with nearly any style of decor without dominating the room. This attention to detail is evident throughout the design, from its sleek minimalist form to the striking control panel that's wonderfully easy to use.

Bluetooth™ and Wi-Fi built-in with AirPlay, Google Cast™ and Spotify Connect

Expand your listening possibilities. The Harman Kardon Enchant 1100 has Wi-Fi built-in and works with AirPlay, Google Cast™ and Spotify Connect, so you can listen to the music streaming service of your choice with the best possible sound. Instant Bluetooth connection makes it simple to wirelessly connect your phone or other device, so you can immerse yourself in your new favorite song or unwind to your relaxation playlist.

Smart dialogue enhancement with Harman PureVoice technology

PureVoice ensures that speech is crystal-clear at any volume, so you can enjoy thunderous action or quiet dramas and still hear the dialogue.

Easy sound calibration

Every room is different. Our calibration feature ensures that the Harman Kardon Enchant 1100 delivers the best 3D surround effects in any interior and room layout, wherever you choose to place it.

Ultra HD 4K pass-through with Dolby Vision™

Get the best possible visual quality with compatible media sources. Simply connect via the HDMI input on the connection panel.

HDMI eARC

The Harman Kardon Enchant 1100 is compatible with just about all televisions on the market, offering a direct connection for the highest-quality uncompressed Dolby Atmos® surround sound content.

Harman Kardon One App

The Harman Kardon One app easily helps you set up the Harman Kardon Enchant 1100, personalize audio settings, and browse the integrated music services to find your new favorite playlist. You can also customize EQ and control all your compatible speakers in one convenient place.

Multi-channel surround sound

The Enchant 1100 provides superior 3D spatial audio all by itself. But why stop there? You can create up to a 7.1.4 channel system by adding the Harman Kardon Enchant Sub for thundering impactful bass. And add two Harman Kardon Enchant Speakers. These additions will make the soundstage even wider, and add two more up-firing channels to make the 3D sound experience even more immersive.

Made in part with 100% recycled polyester yarn, 85% of recycled plastic frame and 100% of recycled aluminum strip.

The Harman Kardon Enchant 1100 is made with 85% recycled plastic, 100% recycled aluminum and 100% recycled polyester yarn. It's Energy Star-certified and it's packaged in FSC-certified paper printed with soy ink.
