

**ht** 2720

## Welcome to the perfect fit for your body, budget, schedule and style.

The Human Touch<sup>®</sup> HT-2720 is not your grandfather's old massage chair (as much as he wishes it were). In just 15 minutes per day, this stylish, technologically advanced chair expertly melts away the tension and stress of everyday life, alleviating pain, improving relaxation and soothing sore muscles.

Grab a seat and let the patented Human Touch Massage System do what it does best—replicate the therapeutic techniques used by back and spinal care professionals. The HT-2720 follows the contour of the spine to provide a targeted, effective massage once available only in chairs twice its cost. While it may not cost a fortune, its leather-like upholstery looks and feels like a million bucks. So discover the HT-2720 and enjoy a beautiful massage from a beautiful chair.

**More Features For More Comfort**

**MASSAGE CONTROLLER**  
– It's all at your fingertips

1-Year Limited Warranty

**Features your couch can only dream of**

There's a reason the HT-2720 is the most popular piece of furniture in any room. In fact, there are many reasons. These advanced, fashion-forward chairs are loaded with the things dreams are made of. Or should we say – sweet dreams.

**RELIEF ZONE**

Flip back the head pillow to reveal a 'relief zone', a unique feature that allows for a penetrating deep-tissue cervical massage.

**ERGONOMIC CONTOUR BACK**

Ergonomic contours provide exceptional comfort and back support with or without engaging the Human Touch Robot. This ensures that the HT-2720 is a comfortable chair to sit in; even when you are not getting an invigorating massage.

**RETRACTABLE CUP HOLDER**

Finger tip released, Pop-out Cup Holder provides instant refreshment support.

**PANORAMIC SWIVEL BASE WITH TRANSPORT ROLLER**

Chair rests on a swivel base that rotates left and right. A transport roller on back of the base allows for mobility.
