Mega Capacity

Minimalist style, impressive capacity

- With its sleek aesthetic and streamlined design, you may not expect capacity that goes beyond the boundaries of a traditional washer—it's the largest front load washer in its class*
- The massive 5.8 cu. ft. tub accommodates king-size bedding, comforters, oversized towels or washable rugs with ease, all while helping to save time by reducing the number of loads each week
- At 29" wide, it's only slightly larger than standard 27" models but still fits comfortably in most laundry spaces

* Based on manufacturer's published specs of front load washers with a width of 30 inches or less (February 2025).

**Modern Design & Touch Controls**

Elegantly simple, with an intuitive 7" LCD touchscreen

- Go beyond ordinary buttons and dials with an intuitive 7" LCD touchscreen that simplifies laundry and places total control at your fingertips
- The elegant panel perfectly complements the modern, flat front design, luxe brushed steel finish and tinted tempered glass door

**Built-In Intelligence**

Built-in intelligence takes out the guesswork

- Forget about endless sorting or toggling through cycles—built-in sensors use AI technology to detect fabric texture and load size, then automatically select the right wash motions, temperatures and more for advanced fabric care
- With Smart Pairing, the washer can even tell the dryer to select a compatible drying cycle,** making it the ultimate laundry hack

** Both washer and dryer need to be registered in LG ThinQ® app and connected to Wi-Fi to set up Smart Pairing feature.

Additional Features

ezDispense® Automatic Dispenser

Clean up to 36 loads with 1 easy fill*

- No more digging out detergent and fabric softener every time you do laundry
- Just fill the reservoirs once and you're set for up to 20 to 36 wash cycles* with the versatility of using detergent and softener or detergent only

*Based on 9-13 lb. loads in normal mode, up to 20 loads when using detergent and softener; up to 36 loads when using both compartments to dispense detergent only. Always use HE (High-Efficiency) detergent with this washer. Use the ezDispense® Nozzle Clean function to periodically clean the reservoirs or before changing the softener reservoir to a detergent reservoir and vice versa.

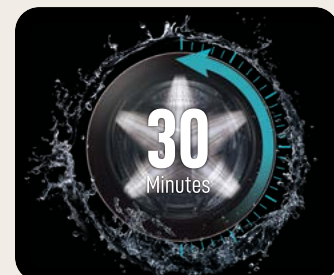

Fast Cleaning

Power clean big loads in under 30 minutes**

- With TurboWash® 360°, you can clean larger loads fast and get more done while enjoying the same great washing performance you expect from LG
- Five powerful jets with variable sprays surround clothes from multiple angles so detergent can penetrate deep into fabrics for a complete clean—even for big loads—in under 30 minutes**

**Based on internal testing in normal cycle with TurboWash® option, 8 lb. load (October 2024). The results may vary depending on the clothes and environment.

Healthy Home Solution

Reduce allergens such as dust, pollen and pet dander in fabrics

- The Allergiene® cycle uses the gentle power of steam to help reduce common household allergens such as dust, pet dander and pollen in fabrics—without harsh chemicals
- Perfect for bedding, baby clothes and more
