WARNINGS and useful safety information

IMPORTANT READ CAREFULLY AND KEEP FOR FUTURE REFERENCE. YOUR CHILD'S SAFETY MAY BE AFFECTED IF YOU DON'T FOLLOW THEM.

1. A child's safety is your responsibility.
2. **NEVER** leave the child(ren) unattended.
3. To use the stroller with two children, adapt the chassis to double mode by reversing and securing the central seat lugs until the correct configuration (1 child or 2 children) is shown as green.
4. Before use ensure that the central seat lugs are securely attached to the chassis.
5. Ensure the sibling lower adapters are secured on the chassis before attaching bassinet or sibling seat.
6. Ensure the sibling seat or bassinet or car seat is secured on the sibling lower adapters before use.
7. Only use the recommended configurations specified in this user guide
8. This seat is suitable up to a weight of 40 lbs / 18 kg. Excessive weight may cause a hazardous unstable condition to exist.
9. Always apply the brake when loading or unloading your child in the sibling seat.
10. When using the stroller in double mode:
 - First secure both seat/bassinet units on the chassis before a child is placed in either upper or lower position;
 - Place the second child into the sibling seat after the first child is placed and secured in the main seat;
 - Ensure the child in the upper position is removed from the stroller before removing the sibling seat or bassinet from the lower position, to avoid risk of tipping over.
 - When car seat is in upper position and other child sits in lower position, do not lower the car seat carry handle to the horizontal position to prevent it from interfering or accidentally falling on child's head.
11. Avoid serious injury from falling or sliding out. Always use the complete five-point harness.
12. Always monitor the child sitting in the lower position.
13. Always adjust the chassis to single mode and use upper position when carrying one child only.
14. Do not allow the child to stand on the footrest, risk of tipping over.
15. Children can reach out to the goods placed in the under seat basket, remove the goods if necessary.
16. Only remove central axis for changing from single to double mode and vice versa, always keep it at the chassis during use.
17. The sibling seat can only be used on chassis, not as a stand alone seat unit.
18. Please ensure that a different care taker is instructed on how to use the product in the correct way.

ADVERTENCIAS y información de seguridad

IMPORTANTE – LEER LAS INSTRUCCIONES CUIDADOSAMENTE ANTES DEL USO Y MANTENERLAS PARA FUTURAS CONSULTAS.

1. La seguridad de un niño es su responsabilidad.
2. NO dejes nunca al niño desatendido.
3. Para usar el carrito con dos niños, adapta el chasis al modo doble invirtiendo y asegurando los soportes de silla hasta que la configuración correcta (1 niño o 2 niños) se muestre en color verde.
4. Antes de usar, asegúrate de que los soportes de silla estén acopladas correctamente al chasis.
5. Asegúrate de que los adaptadores inferiores para hermanos estén asegurados en el chasis antes de colocar el capazo o la silla para hermanos.
6. Asegúrate de que la silla para hermanos, o capazo o silla de coche esté asegurada en los adaptadores inferiores para hermanos antes de su uso.
7. Utiliza únicamente las configuraciones recomendadas que se especifican en esta guía del usuario
8. Esta silla es adecuada para llevar un peso de hasta 40 lbs / 18kg. El peso excesivo puede provocar una inestabilidad peligrosa.
9. Utiliza siempre el freno al sacar y colocar a tu niño de la silla para hermanos.
10. Cuando uses el carrito en modo doble:
 - Primero asegura las unidades de silla/capazo en el chasis antes de colocar al niño en la posición superior o inferior;
 - Coloca el segundo hijo en la silla para hermanos después de colocar y asegurar el primer hijo en la silla principal;
 - Asegúrate de sacar al niño de la posición superior del carrito antes de retirar la silla para hermanos o el capazo de la posición inferior, para evitar el riesgo de vuelco.
 - Cuando la silla de coche esté en la posición superior y otro niño esté sentado en la posición inferior, no bajes el asa de transporte de la silla de coche a la posición horizontal para evitar que interfiera o caiga accidentalmente sobre la cabeza del niño.
11. Evita lesiones graves por caídas o deslizamientos. Utiliza siempre el arnés de cinco puntos completo.

12. Controla siempre al niño cuando esté sentado en la posición inferior.
13. Ajusta siempre el chasis al modo individual y utiliza la posición superior cuando lleves a un solo niño.
14. No permitas que el niño se suba sobre el reposapiés, existe riesgo de que se vuelque.
15. Los niños pueden llegar a alcanzar los objetos colocados en la cestilla de compras, si es necesario retíralos.
16. Extrae únicamente el eje central para cambiar del modo individual al doble y, viceversa. Mantenlo siempre en el chasis durante su uso.
17. Esta modalidad de uso no es aplicable a la silla para hermanos Bugaboo Kangaroo.
18. Por favor, asegúrate que cualquier otra persona que use el producto reciba instrucciones sobre cómo utilizarlo de forma correcta.

AVERTISSEMENTS et autres informations d'utilisation

IMPORTANT – LEER LAS INSTRUCCIONES CUIDADOSAMENTE ANTES DEL USO Y MANTENERLAS PARA FUTURAS CONSULTAS.

1. La sécurité d'un enfant est votre responsabilité.
2. NE jamais laisser un enfant sans surveillance.
3. Si vous souhaitez utiliser la poussette avec deux enfants, adaptez le châssis au mode duo en inversant et en fixant les ergots du siège central jusqu'à ce que la configuration correcte (1 enfant ou 2 enfants) s'affiche en vert.
4. Avant utilisation, assurez-vous que les ergots du siège central sont bien fixés au châssis.
5. Assurez-vous que les adaptateurs de la partie inférieure de la nacelle sont fixés sur le châssis avant de fixer la nacelle ou le siège de la nacelle.
6. Assurez-vous que le siège secondaire, la nacelle ou le siège auto est fixé sur les adaptateurs de partie secondaire du bas avant de l'utiliser.
7. Veuillez utiliser uniquement les configurations recommandées dans la présente notice.
8. Ce siège peut supporter un poids allant jusqu'à 40 lbs / 18 kg. Un excès de poids peut entraîner une instabilité dangereuse.
9. Serrez toujours le frein lorsque vous mettez votre enfant dans le siège de la fratrie ou lorsque vous le retirez de celui-ci.
10. Lorsque la poussette est utilisée en mode duo :
 - Fixez d'abord les deux unités siège/nacelle sur le châssis avant de placer votre enfant en position haute ou basse ;
 - Placez le deuxième enfant dans le siège secondaire une fois que le premier enfant est placé et attaché dans le siège principal ;
 - Assurez-vous que l'enfant en position haute est sorti de la poussette avant de retirer le siège secondaire ou la nacelle en position basse, pour éviter tout risque de basculement.
 - Lorsque le siège auto est en position haute et que l'autre enfant est installé en position basse, n'abaissez pas la poignée de transport du siège auto jusqu'à la position horizontale pour éviter qu'elle n'interfère ou ne tombe accidentellement sur la tête de l'enfant.
11. Évitez les blessures graves dues à une chute ou à un glissement.

- Veillez à toujours utiliser le harnais complet à cinq points d'ancrage.
12. Contrôlez toujours l'enfant assis en position basse.
 13. Veillez à toujours régler le châssis en mode simple et à utiliser la position haute lorsque vous ne transportez qu'un seul enfant.
 14. Ne laissez pas l'enfant se tenir sur le repose-pieds, au risque de le voir basculer.
 15. Les enfants peuvent atteindre les objets placés dans le panier sous le siège, retirez-les si nécessaire.
 16. Ne retirez l'axe central que pour passer du mode simple au mode duo et vice versa, conservez-le toujours sur le châssis pendant l'utilisation.
 17. Ce mode d'utilisation n'est pas applicable au siège secondaire Bugaboo Kangaroo.
 18. Veillez à ce qu'une autre personne soit informée de la manière dont le produit doit être utilisé.
