

PROFESSIONAL

X10 Dark Inox (NAB)

The telemetry-capable professional for hot and cold

Features at a glance

- Cold brews at the touch of a button
- A variety of specialties for every taste
- Robust and refined

Areas of use

- Self-service
- Offices
- Cafeteria
- Catering

Recommended maximum daily output 100 cups

Recommended accessories

- Cool Control 2.5l
- Cool Control 1l
- HP3 Milk Pipe
- Bean container extension
- Fresh Water Kit X line
- Coffee grounds disposal / drip drain set

The X10 sets new standards, bringing variety and freshness. Quite literally, because its repertoire includes an impressive 34 specialty coffees, nine of which are cold extracted. Fully automatic cold extraction is a special feature of the X10, bringing refreshing cold brews to the professional sector. The X10's versatile functions also include longer specialties that use more water, such as americanos and lungo. Thanks to the one-touch lungo function, these specialties are just as easily prepared at the touch of a button. In addition to the wide variety of beverages, the P.A.G.2+ grinder and the functions of the professional coffee machine also stand out. With easy operation thanks to the color display and physical buttons, the X10 is highly accessible. The size of the X10 makes it ideal for use in the office, in self-service areas or in catering services with a daily demand of 100 preparations.

Technical overview

Specific advantages

Number of specialities	34
Cold Extraction Process	■
Intelligent preheating	■
Automatic switching between milk and milk foam	■

JURA coffee machine standards

Grinder	P.A.G.2+
Pulse Extraction Process (P.E.P.®)	■
Lungo function	■
Variable brewing unit	5 – 16 g
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid systems	1
Milk system / interchangeable milk spout	HP3/CX2
Active bean monitoring	■

Operating and programming standards

Display	3.5" color display with buttons
Individually programmable quantity of coffee water	■
Individually programmable coffee strength	10 levels
Individually programmable brewing temperature	3 levels
Individually programmable amount of milk / milk foam	■
Individually programmable milk / milk foam temperature	3 levels
Individually programmable hot water temperature	3 levels
Resettable day counter	■
Shows the number of preparations for each individual product	■

Connectivity

Wi-Fi Connect V2	■
MDB Connect	■
Business Connect	■

Payment and telemetry systems
