# Four Hands with Crypton

An expanded collection of high-performance upholstery styles, designed to protect against stains, moisture and odor.

# Designed to Stand Up to the Everyday

Specially engineered down to the molecular level, Crypton fabrics are designed to offer lifelong durability, without sacrificing style or comfort. Favorite Four Hands silhouettes and all-new styles are now available in a range of colors and soft fabrics, from velvets to natural fibers.

Phillip Swivel Chair

“This partnership is the perfect pairing. It merges Crypton’s 30 years of expertise in fabric technology with Four Hands’ commitment to thoughtful, timeless design — we’re coming together around a shared dedication to quality and innovation.”

**Jessica Green, Director of Upholstery**

# Buy It Once, Love It for Life

Crypton's patented process includes an immersion bath and heat treatment — free of PFAS, formaldehyde and more — to seal the performance technology down to the individual fiber. The result? Eco-friendly upholstery options designed to last years, not seasons.
