

RC-7000CI
RC-7001RCI

RF Remote Controller
RF Remote Receiver

DENON

The RC-7000RC is not only a programmable remote controller that can operate multiple A/V devices. It also features advanced functionality that lets anyone easily customise device settings, rename source names or perform other operations via the PC. In addition, connecting a RC-7001RCI RF Remote Receiver⁽¹⁾ to a Denon A/V Receiver or other device⁽²⁾ makes 2-way communication possible, allowing the user to select music (on a PC or HDD) from a list displayed on the screen of the remote controller. And with the wireless RF feature, it is possible to operate devices in multiple rooms.

Bullet points

RC-7000CI

- Pre-programmed IR Remote Control
- PC programmable for total customisation
- 2-way communication for media browsing capable⁽¹⁾
- Wireless RF multi-room control⁽¹⁾
- Built-in USB connector
- Web-updateable IR codes via USB
- Upgradable Firmware

⁽¹⁾ With optional RC-7001RCI Base Station

⁽²⁾ The Denon product must support 2-way communication.

Connecting a RC-7000CI RF Remote Receiver (sold separately) to a Denon A/V Receiver or other device⁽²⁾ makes 2-way communication possible, allowing the user to select music (on a PC or hard disk drive) from a list displayed on the screen of the remote controller. And with the wireless RF feature, it is possible to operate devices in multiple rooms.

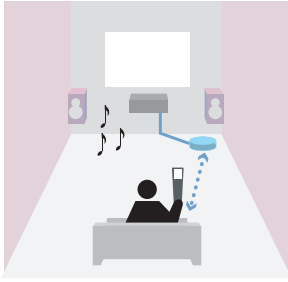

Bullet points

RC-7001RCI

- IR to RF Base Station - No need for line-of-sight IR control
- Enables 2-way communication with RC7000CI and select Denon products
- RF and IR Addressable
- Multi-room operation is possible by adding the RC-7000CI or RC-7001RCI.
- The addition of the RC-7001RCI can extend the distance of RF communication⁽³⁾.

⁽³⁾ A maximum of 90 meters is possible without obstacles such as walls. Up to 3 RC-7000RCI units can be used.

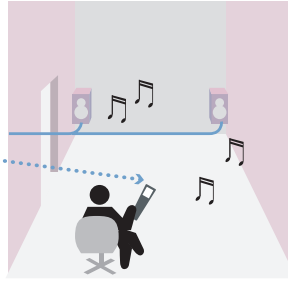

Basic Connection

Multi Zone Connection
Main room: Browse Internet Radio

Zone 2: Browse USB Audio

Extend the distance of RF communication

Specifications

RC-7000CI

Model 2.4GHz RF/IR Remote controller
 Power supply AA dry battery x 4
 Weight 170g
 Accessory Manual, AA dry battery x 4, USB cable, and CD-ROM

RC-7001RCI

Model 2.4GHz RF/IR Remote receiver
 Power supply AC Adapter (5V /500mA)
 Mass 70g
 Accessory Manual, AC Adapter, AC Cable, Single IR Flasher x 2, Dual IR Flasher x 2, RS-232C cable, Stereo mini jack cable
