

## Tech Specs

### What's Included:

Tablo device with 2 OR 4 ATSC 1.0 Tuners  
Power supply  
4' Ethernet cable  
Quick start guide  
Tablo apps for every device

### Concurrent Streams:

2-Tuner / With Antenna: Watch and record up to two live channels simultaneously  
4-Tuner / With Antenna: Watch and record up to four live channels simultaneously  
2-Tuner / No Antenna: Watch and record up to two live channels simultaneously  
4-Tuner / No Antenna: Watch and record up to four live channels simultaneously  
Watch on up to six devices at once  
Recording of some free streaming channels may be disabled due to licensing restrictions.

### Recording Capacity:

50+ hours of onboard HD storage  
Support for USB hard drives up to 8TB (~1000 hours of HD storage)

### Ports:

Power  
Ethernet 10/100  
USB 2.0  
Coax

### Processing:

1 GB RAM  
128 GB Flash

### Networking:

100 Mbps Ethernet  
802.11ac dual band WiFi with MIMO

### Dimensions and Weight:

Height – 35 mm (1.37")  
Width – 127 mm (5.00")  
Depth – 127 mm (5.00")  
Weight – 170 g (5.9 oz)

### Built-in Antenna Amplifier:

11dB gain per tuner  
75 Ohm impedance (input and output)  
Can be turned off if using external amplifier

### Video Format:

MPEG2 (recordings saved to onboard storage will be transcoded to MPEG4 to maximize capacity)

### Audio Format:

Pass-through of 5.1 Surround Sound when available
