

Enjoy built-in Air Fry for crispy favorites, even baking and browning plus quick, easy cleanup

Energy-efficient induction technology uses electromagnetic energy to directly heat your cookware instead of the cooktop surface, for fast heating, quick and even cooking, and precise temperature control for consistent results. Built-in Air Fry delivers crispy flavor fast with no preheating and makes enough to feed a crowd—from zucchini fries to hot wings. When cooking is done, cleanup is quick and easy, with the 10-minute EasyClean® cycle that helps keep your oven looking like new.
