

LG SIGNATURE

LG SIGNATURE 5.8 cu. ft. Mega Capacity Smart WashCombo™ All-in-One Washer/Dryer with Dual Inverter Heat Pump Technology, Built-In Intelligence and Touch LCD Control

Wash and dry effortlessly in one machine with no load transfer—in as fast as 89 minutes*

This all-in-one design is simplicity defined, with the ability to wash and dry large loads, effortlessly, in as fast as 89 minutes*, the fastest among ventless washer/dryer combos in the market. With no need to transfer laundry, it quietly conserves your energy while using efficient heat pump technology that lessens energy use with every cycle. Understated, seamless exterior includes an intuitive 7" LCD panel that responds to your touch. Built-in intelligence provides the utmost fabric care.

2-in-1 Washer/Dryer Combo

Wash and dry in as fast as 89 minutes*

Mega Capacity

Go big to save time and get more done

Sleek Ventless Design

Flexible ventless design and sleek, modern style

Available in:

Brushed
Black
Steel

*Cycle time may vary depending on load type, weight and environment. Based on internal testing on WM9998 model in Quick Wash+Dry cycle, 10 lb. DOE standard load (January 2026).

2-in-1 Washer/Dryer Combo

Wash and dry in as fast as 89 minutes*

- Load, set and go—in as fast as 89 minutes*, your clothes will be clean, fresh and dry, making it the fastest among ventless washer/dryer combos in the market
- With the all-in-one design you can get laundry done while you get on with your day, without having to stop what you're doing to move clothes between 2 machines

* Cycle time may vary depending on load type, weight and environment. Based on internal testing on WM9998 model in Quick Wash+Dry cycle, 10 lb. DOE standard load (January 2026).

Mega Capacity

Go big to save time and get more done

- This mega capacity washer/dryer combo is the largest front load all-in-one unit with heat pump technology** so you can fit more clothes in every load and power through laundry day in less time
- How big is 5.8 cu. ft.? Big enough to fit a king-size comforter and more in a single load, for big time savings every week

** Based on manufacturer's published specs of front load combos with heat pump technology (March 2026).

Sleek Ventless Design

Flexible ventless design and sleek, modern style

- Space-saving 2-in-1 configuration, ventless design and standard 120V plug means it can be installed virtually anywhere
- Flat front design, brushed black steel finish and tinted, tempered glass door brings a premium point of view to your laundry space
- Intuitive 7" LCD touchscreen simplifies laundry and perfectly complements the modern design

Additional Features

Dual Inverter Heat Pump Technology

Great energy savings

- With LG SIGNATURE Dual Inverter Heat Pump technology, you'll enjoy quiet operation and energy efficiency—using up to 52% less energy*
- The low temperatures are easier on clothes and can help them look their best for longer

* Based on internal testing on WM9998 model comparing LG conventional heater combo (WM3998) in Dry cycle, 8.45 lb. DOE standard load with 57.5% initial moisture content (January 2026). The results may vary depending on load type, weight and environment.

Advanced Washing & Drying

Takes out the guesswork with every load

- Built-in intelligence takes out the guesswork—AI technology selects optimal wash/dry motions and settings
- Direct Drive motor provides even performance and precise tumbling motions that are extra kind to delicates—no belts, no pulleys, no worries
- Fill the reservoirs once and ezDispense® automatic dispenser automatically dispenses the right amount of detergent and fabric softener—at just the right time

ezLintFilter + Auto Cleaning Condenser™

Easy cleaning and one less thing to worry about

- Convenient top location of the ezLintFilter allows you to easily remove lint after every load
- The Auto Cleaning Condenser™ powerfully flushes away lint and debris every time you dry for better airflow and enhanced efficiency—automatically

LG SideKick® Compatible**

The ultimate 3-in-1 laundry set-up

- Add the mini pedestal washer and tackle two loads of laundry—both large and small—all at the same time**
- Discreet compact washer sits underneath the main machine and elevates the washer/dryer combo for easier loading and unloading

** LG SIGNATURE SideKick® sold separately.

LG ThinQ® Smart Features

LG ThinQ® helps make life happen†

- Use the LG ThinQ® app to control your washer/dryer combo remotely or use voice commands with Alexa and Google voice assistants
- ThinQ UP™ enabled smart appliances may receive software updates for new, downloadable features and enhancements to be sent wirelessly to the appliance
- ThinQ Care™ helps keep your appliance running smoothly by sending proactive usage, maintenance and diagnostic alerts to your smartphone

† Available on select LG smart appliances. Features may vary by model.
