Looks like a work of Art, because it is. Meet the All-New LG Gallery TV with frame.

The LG Gallery TV with Frame is designed to look like art, not a TV. With its sleek design, customizable frame options, and wall-flush fit, it blends seamlessly into your space. When you're not watching, it transforms into a stunning digital art display—so your screen always adds beauty, even when it's off.

- Gallery Design with Attachable Frame
- LG Gallery +
- Dynamic QNED Color
- Mini LED
- Matte Display

Key Benefits

GALLERY DESIGN WITH ATTACHABLE FRAME

Styled like a framed masterpiece, the LG Gallery TV brings timeless design into your home. Its ultra-slim profile and flush mount design let it blend seamlessly with your décor, so your TV enhances your space instead of interrupting it. Includes a snow white colored attachable frame that transforms your screen into timeless wall art.

LG GALLERY +

With the LG Gallery app, your TV becomes a living art exhibit. Explore over 5,000 stunning works—from classic masterpieces to modern designs—and display them beautifully when you're not watching TV, transforming your screen into a statement piece.

*Internet connection and LG Gallery + subscription required for select features. LG account required to access our network-based smart services.

DYNAMIC QNED COLOR

LG's Dynamic QNED Color and next-gen AI processing provides vivid color on your screen for an immersive visual experience.

MINI LED TECHNOLOGY

With Mini LED technology—see your artwork come to life powered by tiny lights that work together to deliver breathtaking brightness, deeper contrast, and razor-sharp detail. Whether you're watching in a bright room or a dark one, Mini LED ensures every scene looks exactly as it should: vivid, balanced, and incredibly lifelike.

MATTE DISPLAY

The Matte Display helps minimize reflections from windows and indoor lighting, so your screen stays clear and easy to see. Whether you're watching during the day or displaying art, you get a cleaner, more consistent picture—without distracting glare.
