The best choice for quality products with modern capabilities and optionality.	
	16 Single-Stage Air Conditioner with WeatherGuard™ Up to 17.0 SEER2
	16 Single-Stage Air Conditioner Up to 17.0 SEER2
	14 Single-Stage Air Conditioner Up to 14.3 SEER2
	13 Single-Stage Air Conditioner Up to 13.4 SEER2

To minimize environment impacts, the HVAC industry has transitioned to Lower Global Warming Potential (GWP) refrigerants. Trane's newest lineup of equipment designs harnesses this next-generation technology to maximize your year-round comfort while innovating for a sustainable future. Talk to your local Trane dealer to learn more about your best options.

MORE STAGES MEAN MORE COMFORT AND EFFICIENCY.

Sometimes you just feel “too hot” or “too cold” between cycles of your system. A variable speed air conditioner nearly eliminates temperature fluctuations. Your system glides along as if on cruise control, barely sipping electricity for much of the day. It also runs at lower speeds for longer periods of time offering:

- ▶ **Advanced temperature control**
- ▶ **Lower humidity**
- ▶ **Reduced sound**
- ▶ **Enhanced filtration**
- ▶ **Lowest cost per minute**

[Link](#) Select models include innovative Trane Link™ technology, which communicates between system components. Simply opt in through the Trane Home™ app to have your system's data remotely monitored for even the slightest system changes – letting you relax and enjoy the exceptional comfort your variable speed system provides.

WE FREEZE.

SEET® TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET [System Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

AMERICA'S MOST TRUSTED®
HVAC BRAND
12 CONSECUTIVE YEARS

Trane received the highest numerical score in the proprietary Lifestory Research 2015-2026 America's Most Trusted® HVAC Brand studies. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

A CLOSER LOOK:

20 TruComfort™ Air Conditioner with WeatherGuard™

WeatherGuard™ Top

Is not only attractive, the durable polycarbonate material provides lasting protection.
Available as optional accessory on select models.

Exclusive Refrigerant Cooled Inverter

Keeps electronics at a consistent temperature leading to improved performance and reliability.

Climatuff® Variable Speed Compressor

The heart of Trane TruComfort™ technology that automatically adjusts while maintaining constant and consistent comfort.

Compressor Sound Enclosure

Reduce operating sound for a quieter home environment.

Full-Sided Galvanized Steel Louvered Panels

Protect internal components while preserving airflow efficiency.

Powder-Paint Finish

Virtually indestructible for maximum protection against corrosion and rust, for years of reliable protection.

Integrated Fan System

A unique blade-down design that improves airflow, enhances performance and reduces sound levels.

Exclusive All-Aluminum Spine Fin™ Woven Coil

Enhances airflow and heat transfer while resisting corrosion and leaks. Proven to be far more reliable than traditional copper and aluminum coils.

Trane Link Communicating Control Board

Powers the compressor and controls communication between components to optimize your comfort and efficiency.

DuraTuff™ Rustproof Basepan

Won't crack, corrode, rust or warp.

WeatherGuard™ Zinc-Coated Fasteners

Provide corrosion resistance and longer life, because even minor details are what Trane reliability is all about.

A Trane UX360 Smart Thermostat and system controller is required for all 20 TruComfort™ and 18 TruComfort™ Air Conditioner models.

The 20 TruComfort™ Air Conditioner with WeatherGuard™ shown is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

The 17 Multi-Speed Air Conditioners feature **ComfortSeek™** technology. ComfortSeek dynamically adjusts compressor speed in response to outdoor temperature changes – working harder when you need it and conserving energy when you don't – ensuring optimal heating and cooling capacity even in extreme conditions. With its patent-pending design, ComfortSeek sets a new standard in home climate control, maximizing comfort, enhancing energy efficiency, and reducing utility bills.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with a Trane Smart Thermostat

Custom Comfort

A connected HVAC system is the foundation of a comfortable home. Trane's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

Seamless Connections

Trane's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to Trane systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

Proactive Diagnostics

Trane's smart diagnostics, enabled by any Trane smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.
