

SRSULT500

ULT POWER SOUND™ series | ULT TOWER 5 Wireless Party Speaker

Co-created with a hip-hop sound creator, the ULT TOWER 5 delivers powerful, body-shaking sound that brings every beat to life. Four ULT modes and a custom EQ let you easily match your mood to the music. Built-in Party Lights and a compact design with integrated carry handle make it perfect for DJ sets or karaoke sessions.¹³ With the ULT TOWER 5, you can turn wherever you go into an energy-filled party venue.

- Handles for easy transport.
- USB Type-C® and USB Type-A ports for device charging.
- Customize sound and lighting with the Sony | Sound Connect app.¹³
- Co-created with professional hip-hop sound creators.

Features

Experience co-created dynamic sound

Co-created with professional hip-hop creators, this series' sound has been refined to deliver an even more powerful sound experience. Deeper, body-shaking bass and richer, more dynamic sound let you feel every beat.

Co-created for larger-than-life sound

Co-created with acclaimed hip-hop sound creators — including Grammy-nominated producer Dot Da Genius, drummer and producer Daru Jones, record producer, songwriter, and DJ Dready, and audio engineer and producer Dennis "ROC.am" Jones — the new ULT TOWER lineup delivers larger-than-life sound with deep, powerful bass you can feel in every beat, turning every party into an unforgettable experience.

Switch the modes. Shape the vibe.

Switch between ULT1 for deep bass, ULT2 for powerful, punchy bass, and FLAT for a more neutral, customizable sound at the touch of the ULT button. You can also select LIVE⁴ for a dynamic, concert-like listening experience. Easily switch between sound modes to match the mood and find the perfect sound for every party.

Powerful sound beyond its size

A newly developed circular woofer, designed specifically for the ULT POWER SOUND series, delivers even deeper, more powerful bass. The improved ULT DUCT produces massive bass by managing increased airflow with minimal distortion. Two tweeters ensure clear vocals and crisp high frequencies, creating a powerful listening experience that gets you moving.

Sound Field Optimization

Applying our years of audio engineering experience, we've designed the ULT TOWER 5 to optimise its sound for different listening environments. Whether placed against a wall or in a corner that reinforces bass, or used in noisy outdoor environments, it automatically adjusts its sound to deliver a consistently balanced listening experience.

10-band equalizer⁵

Use the Sony | Sound Connect app to dial in your own custom EQ settings. ¹³ Layer it with ULT1, ULT2, or FLAT for perfect bass presence.⁵

Expand the party for DJs and karaoke^{10,13}

Built to be the life of the party, the ULT TOWER 5 features DJ and karaoke inputs, so whether you're mixing beats or singing with an optional microphone, you can unleash your creativity and energize every party.^{10, 13}

Take the lead on the decks

Connecting your DJ kit is simple, so you can amplify your mix like a pro and create high-energy moments that make a party truly memorable.

RCA inputs for DJs

Connect your equipment with ease using an RCA input. Expand your setup and keep the party moving.

XLR connection for advanced DJ setups

With an XLR input and output, it's easy and clean to connect DJ equipment and additional speakers, allowing you to expand to a multi-speaker setup for larger parties and events. Create a bigger, more powerful atmosphere wherever the music takes you.

Connect up to 100 speakers with Party Chain

Enjoy bigger, more immersive sound with Party Chain via Auracast ^{TM6} broadcast. Simply press the Party Chain button to connect compatible Sony speakers^{7,9} and synchronize both music and lighting across up to 100 compatible speakers for an unforgettable party experience.¹²

Add an extra speaker for rich stereo sound with Stereo Pair^{8,9}

Connect two ULT TOWER 5 speakers via Bluetooth [®] to activate stereo sound (left and right), to experience a rich sense of presence.^{9,10}

Ready for karaoke

From solo sessions to group sing-alongs, a karaoke mic ¹⁰ input lets you enjoy a full-featured karaoke experience. Easily adjust microphone volume, echo, and key directly on the unit, so you can tailor every song to suit your vocal range. For even more fun, the Sony | Sound Connect app expands your karaoke experience with features like Voice Changer and more.¹³

Ready to go where the party goes

This ULT TOWER 5 is ready for anything. With water resistance, a long-lasting battery, ² and an easy-carry handle, it's designed to fit into your life, whether you're hosting inside your home or out.

The party never stops

With up to 20 hours of battery life², the ULT TOWER 5 will keep your party powered all night.

Quick charging

With quick charging, you get up to 100 minutes of playing time from just 10 minutes of charging.

Take care of your battery

The Battery Care function means you never have to worry about overcharging your speaker, so it's more dependable for

longer.

Keep the party going with the STAMINA power option

Party longer with the STAMINA power option.¹¹

A single tap adjusts settings to extend battery life, helping you keep the music going for longer.

Easy to carry. Ready to party.

Four carry handles mean you can take it anywhere, so every place you go can become a party.

IPX4 water resistance for stress-free fun³

With IPX4 water resistance, a few splashes won't stop the fun. Just set it up and enjoy the music without the stress.³

Stand it up or lay it down, your way

Any orientation, your way. This speaker automatically adapts to deliver optimal sound.

Atmospheric lighting, versatile design

With its stylish, versatile design, the ULT TOWER 5 looks at home wherever you place it. Choose from three preset lighting modes to match the moment and create the perfect ambience. For even more personalization, the Sony | Sound Connect app lets you easily select the lighting that suits your style.¹³

The signature ULT button, the icon of the series

Positioned prominently on the front of the speaker, the ULT button is a signature feature of the series. Press to switch between sound modes, twist to adjust the volume, and watch it light up in sync with the speaker lighting.

A unified design language

Designed with a unified look shared with models like ULT TOWER MAX and ULT TOWER 7, every detail has been carefully calculated to express the world of the series, whether standing alone or arranged as part of a group.¹²

Control your party experience with the app

The ULT TOWER 5 is even better with the Sony | Sound Connect app.¹³ Dial in your ideal sound, lighting, and party settings.

More ways to enjoy your music

Alongside Bluetooth[®],¹² expanded connectivity gives you more ways to enjoy your music. USB Type-C[®] supports USB Audio from your smartphone or PC, while USB Type-A enables playback from a USB drive. XLR and RCA connections provide even greater flexibility for a wide range of setups.

Multipoint Connection¹²

For total convenience, the ULT TOWER 5 can be paired with two Bluetooth[®] devices at the same time, automatically switching between them when you start playback on either device.¹²

Bluetooth[®] Fast Pair¹⁴

In one tap, the ULT TOWER 5 enables quick, effortless Bluetooth[®] pairing with your Android[™]¹⁵ devices.

Built-in device charging

Easily charge your devices using the ULT TOWER 5's USB Type-C[®] or USB Type-A ports, so even the most energetic parties don't leave you drained.

Aiming to achieve a zero environmental footprint

Inspired by the beauty of the world, we are doing our part to help preserve the Earth while still offering superior sound quality and listening experiences. With a goal of achieving a zero environmental footprint across the entire Sony Group by the year 2050, we are accelerating numerous initiatives for the environment.

Environment in mind

Our products are designed not only to deliver exceptional sound quality, but also with the environment in mind. The recycled plastic¹⁶ is used in up to 20% of the body of the ULT TOWER 5. This reflects our commitment to reducing the environmental impact of our products.

Accessibility

We believe technology should make the world more interactive, more creative, more entertaining, and more inclusive. By incorporating human-centric, inclusive design into our audio products, we deliver our KANDO experience to all our users, regardless of age, ability, or environment.
