Petite in proportion yet distinctive in design, the Cashiers Spot Table pairs natural materials with a graceful silhouette for an accent that feels refined from every angle. Its round marble top and sculptural three leg base create a sophisticated interplay of form and material, bringing the relaxed elegance of the Cashiers collection to even the smallest spaces. The natural marble stone top features variations of cream, beige, brown, and gray, creating subtle differences in coloration that enhance the individual beauty of each table. Beneath, a three leg base crafted with European Oak veneers in the light Almond finish reveals the wood's natural grain, knots, and subtle texture. The warm, weathered tone complements the stone beautifully and lends an inviting, organic character to the design. With its convenient, compact footprint, the Cashiers Spot Table fits easily beside a sofa, lounge chair, or other seating area where a smaller surface is desired. Perfect for holding a drink, book, or decorative accent, it adds functionality without requiring significant floor space.
