ENERGY STAR

* Based on ENERGY STAR'S published specs of front load washers with a width of 29 inches or less (July 2026).
** Based on internal testing in normal cycle with TurboWash® option, 8 lb. load (October 2024). The results may vary depending on the clothes and environment.

Mega Capacity

More, done beautifully.

- With its sleek aesthetic and streamlined design, you may not expect capacity that goes beyond the boundaries of a traditional washer—it's the largest capacity front load washer in its class.*
- The massive 5.8 cu. ft. tub accommodates king-size bedding, comforters, oversized towels or washable rugs with ease, all while helping to save time by reducing the number of loads each week.
- At 29" wide, it's only slightly larger than standard 27" models but still fits comfortably in most laundry spaces.

* Based on ENERGY STAR'S published specs of front load washers with a width of 29 inches or less (July 2026).

Modern Design & Sleek Controls

Elegantly simple and intuitive.

- An intuitive 7" LCD touchscreen or hybrid controls with dial and LCD panel simplify laundry and place total control at your fingertips.
- The elegant panel perfectly complements the modern, flat front design, luxe finishes and tinted tempered glass door.

Fast Cleaning

Power clean big loads in under 30 minutes.**

- With TurboWash® 360°, you can clean larger loads fast and get more done while enjoying the same great washing performance you expect from LG.
- Five powerful jets with variable sprays surround clothes from multiple angles so detergent can penetrate deep into fabrics for a complete clean—even for big loads—in under 30 minutes.**

** Based on internal testing in normal cycle with TurboWash® option, 8 lb. load (October 2024). The results may vary depending on the clothes and environment.

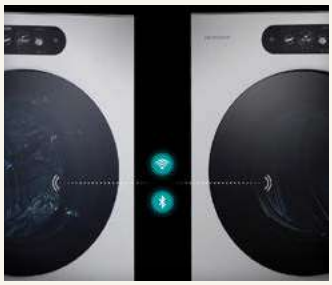

Additional Features

Built-In Intelligence

Takes out the guesswork.

- Forget about endless sorting or toggling through cycles—built-in sensors use AI technology to detect fabric texture and load size, then automatically select the right wash motions, temperatures and more for advanced fabric care.
- With Smart Pairing, the washer can even tell the dryer to select a compatible drying cycle,* making it the ultimate laundry hack.

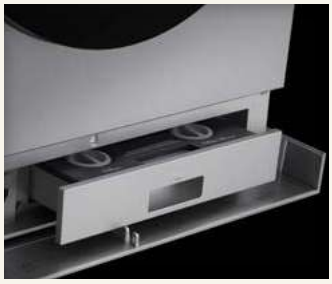

* Both washer and dryer need to be registered in LG ThinQ® app and connected to Wi-Fi to set up Smart Pairing feature.

ezDispense® Automatic Dispenser

Clean multiple loads with 1 easy fill.

- No more digging out detergent and fabric softener every time you do laundry.
- Fill the reservoirs once and ezDispense® automatically dispenses the right amount of detergent and fabric softener—at just the right time.

Healthy Home Solution

Reduce allergens such as dust, pollen and pet dander in fabrics.

- The Allergiene® cycle uses the gentle power of steam to help reduce common household allergens such as dust, pet dander and pollen in fabrics—without harsh chemicals.
- Perfect for bedding, baby clothes and more.

LG ThinQ® Smart Features

LG ThinQ® helps make life happen.**

- Use the LG ThinQ® app to control your washer remotely or use voice commands with Alexa and Google voice assistants.
- ThinQ UP™ enabled smart appliances may receive software updates for new, downloadable features and enhancements to be sent wirelessly to the appliance.
- ThinQ Care™ helps keep your appliance running smoothly by sending proactive usage, maintenance and diagnostic alerts to your smartphone.

** Available on select LG smart appliances. Features may vary by model.
