Nikon COOLPIX S210

Key Features

- **8.0 Effective Megapixels** for stunning prints as large as 16x20 inches
- **3x Optical Zoom-NIKKOR Glass Lens** for incredibly sharp, clear images
- **Incredible, bright 2.5-inch high resolution LCD** monitor with anti-reflection coating
- **Electronic VR Image Stabilization**
- **ISO 2000 capability**
- **Nikon In-Camera Innovations**
 - **In-Camera Red-Eye Fix™** automatically fixes most instances of red-eye in the camera. You may never see red-eye again
 - **Improved Face-Priority AF** Nikon's face-finding technology that automatically focuses on faces faster than ever
 - **D-Lighting** rescues dark or backlit images by improving brightness and detail where needed

Elegant aluminum finish body less than 3/4" slim

Packing sophisticated style, advanced functions and high performance into its ultra-slim design, the COOLPIX S210 fits comfortably in the hand and simplifies operation.

Electronic VR image stabilization

without vibration reduction

with vibration reduction

Compensating for the effects of camera shake to realize sharper results, electronic VR image stabilization frees you to enjoy capturing special moments without worrying about slight hand movements, particularly in lower light conditions.

VR image stabilization

ISO 2000 capability

Light sensitivity range up to ISO 2000 allows the use of faster shutter speeds to avoid blurred results when shooting moving subjects or in locations with insufficient lighting. ISO sensitivity is automatically optimized in High-Sensitivity mode.

Better picture in lower light

Rechargeable battery

The COOLPIX S210 comes complete with Nikon's Rechargeable Li-ion Battery EN-EL10 and Battery Charger MH-63. Get up to 220 shots on a quick two-hour battery recharge.

In-Camera Premium Features!

In-Camera Red-Eye Fix™

This in-camera feature automatically fixes most typical occurrences of red-eye.

D-Lighting

Compensates for underexposed images or insufficient flash by automatically adding light and detail to selected shots where needed, without affecting properly exposed areas.

Face-Priority AF

Automatically finds and focuses on up to 12 faces to ensure superb portraits with clear, crisp focus.

Simply better portraits
