# DVD-1080P8

## Free Style Hyper DVD Player

### Player

**HDMI (High-Definition Multimedia Interface)** transfers hi-definition ((720p/1080i) video and audio from your DVD Player to your TV, Home Theater, or other digital AV components. Simply connect your DVD Player to your Home Theater System with a single cable for the high quality pictures and sound.

**Hi-Def conversion DVD player** upconverts the resolution of ordinary DVDs to 720p/1080i high-definition.

**Progressive scan output** scans individual picture lines in sequence rather than alternately, maximizing the clarity of digital images and bringing new realism to your DVD viewing experience.

**HDMI-CEC (Anynet+)** A true "plug and play" product, it comes with a Consumer Electronics Control (CEC) feature that lets you operate multiple HDMI products with a single remote control.

**14-bit video DAC**

**Playable formats:** TBD

### Warranty

**1 year parts and 90 days labor warranty** backed by Samsung toll-free support.
