Model numbers shown indicate Natural Gas as fuel source.

For Propane Gas, change "Y" to "H" in model number (examples: **6 40 HBRS**).

Recovery values shown are rounded to nearest gallon and at a 90° F temperature rise.

Dimensions shown for height and diameter are in inches.

Reliance Water Heater Company reserves the right to make product changes or improvements without prior notice.

616 ADVANTAGE provides premium features in a standard product:

- Higher Btu output means more hot water, faster
- Sediment reducing dip tube helps extend the life of the tank and ensure efficient heat transfer
- One year warranty on labor
