

Voyager RK6T2

The Voyager RK6T2 is a single speaker stereo outdoor rock speaker with 6½" woofer. All Voyager RK speakers are "voiced" for outdoor performance. Their sound is contoured to provide the best performance in open air environments and they blend perfectly with the other Voyager series models. Your choice of 3 rock formation styles - **River Rock**, **Sandstone**, or **New England Granite**

Recommended Amplifier Power

10-150 watts

Nominal Impedance

8 ohms

Frequency Response (± 3dB)

60Hz-20kHz

Bass Unit

6-1/2" (165mm) mica-filled with butyl rubber surround

Dimensions (HxWxD)

16 x 12-3/5 x 11-1/5" (407 x 320 x 285mm)

Sensitivity (1 watt (2.83v) at 1m)

89dB

Tweeter

Dual 1" soft dome

Rock Formation Styles

River Rock, Sandstone, or New England Granite

- 6½" Dual Voice-coil Woofer
- Dual 1" Soft Dome Tweeters
- Drivers are angled upwards 20 degrees to deliver great sound when they are placed at ground level.
- Weatherproof with rustproof hardware and grilles. (IEC 60529, IPX4, IPX5)
- Enclosures, grilles and drivers stand up to weather and temperature extremes and are UV protected.
- Integrated six foot underground-rated connection cable is included.
- Internal mounting posts for an optional 70/100 volt transformer for use in commercial applications or home audio systems where many speakers are used or where speaker wires must be run over long distances.
