

# The LCD TV that's slimmer than its remote\*

A super-slim cabinet. A slender frame.  
Our Touch of Color™ design. A true HDTV standout.

With its stunning lines and bold color, Samsung takes a daring step in the world of HDTV design with the 860 LCD HDTV. The super-slim cabinet is a convenient 1.9 inches deep – slimmer than its own remote control! The slender frame means there's more screen to enjoy all your favorite events and highlights.

Speaking of highlights, our cutting-edge Touch of Color (ToC™) design process infuses color into the black bezel. The result: a sublime blue accent that lines the bezel's frame. This attractive new bezel color is an industry first – and a perfect example of Samsung's innovative approach to consumer electronic design – and a perfectly styled fit in any modern household.

SLIM

\* Remote control shown is actual size  
\*\* As compared to Samsung 750 HDTV.

## A super-slim, action-packed HDTV experience

LCD 860 HDTV with 1.9" Super-Slim Cabinet

SAMSUNG

## Behind the lines of innovative technology

### An innovative HDTV – by any measure

Standing at the front line of HDTV technology and design, Samsung presents a true hi-def winner. The 860 LCD HDTV delivers the greatest combination of groundbreaking design, with a host of advanced features and capabilities.

Amazing definition and lifelike images fill the screen, courtesy Full HD 1080p resolution, while advanced image technologies enhance onscreen motion clarity and deliver outstanding colors. Added with the power of exclusive Samsung digital content at the ready, you'll enjoy captivating HD entertainment on gameday – or any day.

### LCD 860

#### Features

- Super-slim cabinet
- Full HD 1080p
- Auto Motion Plus 120Hz™
- InfoLink™ RSS Access
- Ultra Clear Panel
- HDMI™ - CEC inputs
- Two Wiselink™ USB 2.0 inputs
- SRS TruSurround XT\*

## Unmatched entertainment options

### InfoLink™ RSS Access

Check up on your favorite sports stories and headlines with the push of a button on your remote control.\* The InfoLink feature delivers customizable, real-time RSS (Really Simple Syndication) content – including sports, stocks, news and local weather – to your television. All content is provided at no additional cost from USA TODAY.

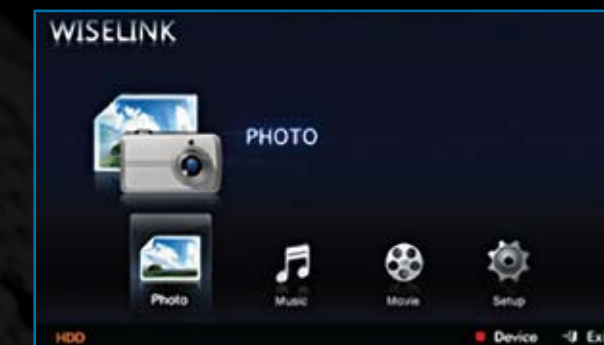

\*Internet access and either Ethernet connection or wireless LAN required.

### Content Library and DLNA Networking

Providing enjoyment for every season with HD digital content from your HDTV, Samsung's Content Library features an entire suite of entertainment and education – built right into your HDTV.

A networking technology standard, DLNA lets you use your TV remote to navigate and control all shared audio or video files from your computer, via a single LAN connection.

### Wiselink™ Pro and Wheel Remote

Turn your HDTV into an all-purpose media center. A USB 2.0 input makes it easy to connect your MP3 player or digital camera or camcorder to your TV. Control all your videos, MPEG movies, playlists and pictures via a smart, user-friendly interface using a distinctive remote equipped with a unique scrolling wheel feature.

## The perfect field of vision

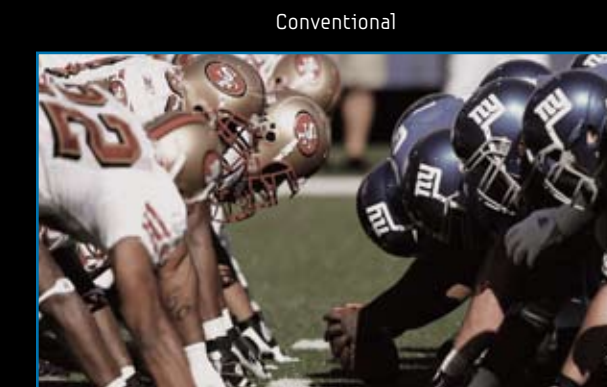

Auto Motion Plus 120Hz off

Auto Motion Plus 120Hz on

### Auto Motion Plus 120Hz™

Enjoy flowing onscreen motion, play after crystal-clear play. Samsung's Auto Motion Plus 120Hz technology generates twice the number of frames per second as compared to our previous-generation LCD technology. Even the fastest onscreen action is rendered in perfectly clear HD clarity.

Conventional

### Ultra Clear Panel

Samsung's unique Ultra Clear Panel offers brilliant viewing under any condition. Thanks to its high-contrast picture with bold, bright colors combined with deep, dark black tones, you can enjoy all your HD programs and movies to the fullest extent in any type of light, day or night.
