Multimedia Player

The Samsung S3 media player stands out from the crowd with its stylish ergonomic design and multiple color choices.

Take your tunes anywhere with 4GB of storage. That's 25 hours of music or 4 hours of video. It's small enough to take jogging, walking, biking or almost anything you can think of.

Samsung's DNSe sound engine brings the life back to your music so it sounds better than ever. The S3 is also compatible with Rhapsody and Napster so you can have access to millions of songs without spending .99 cents per song.

S3 helps you look good and can make your life easier or more fun with the built-in FM radio & recorder with auto presets, a photo viewer, games, and text viewer. We can't forget the lighted touchpad, fun to use and great to see.
