## The WOW factor.

MM 226 is a complete 2.1-channel system with two satellites, a 6½ inch subwoofer and 200 watts of Total System Power. That means you'll enjoy outstanding performance with the deepest bass response wherever and however you use them. Compact enough to fit around any computer system or monitor — Boston's new MM 226 system adds real excitement to your ever-expanding digital life.

## What it means to be from Boston.

First and foremost, Boston is an engineering company, and every Boston system is optimized to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything from the choice of materials to the fit and finish. It's how we've been exceeding the expectations of serious music listeners for nearly thirty years.

## Satellites

- High-output dual 2-inch drivers
- ½-inch high performance tweeters
- 25 watts RMS/50 watts dynamic output power per channel
