- 2 HDMI™ Digital Inputs
- PC Input (15 Pin, D-sub)
- High-Gloss Black Cabinet

LEADING THE WAY IN  
HOME ENTERTAINMENT  
INNOVATION

PRELIMINARY

# 22AV500U

The 22AV500U features DynaLight™ dynamic backlight control for a deeper HD picture, and a PC Input for use as a computer monitor. Plus, it comes in a high-gloss cabinet that is less than 18" high to fit beneath most standard-size kitchen cabinets. The 22AV500U also includes Native Mode™, Gaming Mode, a second HDMI™ digital input, and ENERGY STAR® compliance.

**DynaLight™ Backlight Control** utilizes advanced image processing to monitor the brightness of each video frame, and adjust the backlight intensity accordingly. This precision creates seamless transitions with deep blacks for increased detail and depth analysis.

**Gaming Mode** enhances the gaming experience by reducing the amount of time it takes for the signal to travel from the game controller to the TV.

Cabinet	High-Gloss Black
Screen Size (measured diagonally)	21.6"

#### LCD PANEL:
