

SAMSUNG

Samsung Plasma TV. Innovative HD that goes beyond TV.

Stunning high-contrast picture

600Hz subfield motion

- Offers crisp, clear Plasma HD action in every frame.

Mega Contrast

- An unparalleled Mega Dynamic Contrast ratio brings together the deepest blacks and brightest whites.

Ultra FilterBright®

- Greatly reduces glare from exterior light, for better viewing.

Discover Medi@2.0™

Internet@TV

- Receive content from Yahoo!®, Flickr® and more via on-screen TV Widgets.¹

¹ Internet access and either Ethernet connection or wireless LAN access required.

USB2.0 Movie: Multi-Media Center

- Connect a thumb drive or digital camera quickly and easily. User-friendly interface allows access to videos, a music playlist and pictures via the remote.

DLNA®

- Sync up your entire household. A wired or wireless² DLNA connection lets you stream your PC audio and video files to your HDTV using your remote.

² Requires optional wireless adapter.

Content Library™ (Flash)

- Built-in library contains photo art gallery, games, workout routines, recipes, and other interesting digital content. Additional items and updates are available from samsung.com.

Exclusive ToC™ design

- Samsung's Touch of Color design process adds an accent at the bezel's edge.
- The subtle yet striking ToC look is the perfect touch of modern elegance in any household.

ToC™
Touch of Color

Go green

- Samsung's 2009 Plasma TVs are 41% more energy-efficient than previous models,³ exceeding ENERGY STAR® v3.0 efficiency guidelines.
- Thanks to an advanced construction process, our Plasma TVs are manufactured without lead or VOCs (volatile organic compounds).

³ As compared to 2008 similar size class Samsung Plasma TVs.
