- Stainless Steel Soleplate
- 10-Minute Auto Shut-Off on base
- Electronic Temperature Control
- Detachable Water Tank
- Jet-Of-Steam/Self-Cleaning
- Automatic Retractable Cord Reel
- Heat Resistant Carrying Case

CORD C REEL
POWER CORD RETRACTOR

Panasonic ideas for life

Cordless Steam Iron

Trusted name in irons for over 75 years

Auto Shut-Off

The automatic shut-off system provides you with a visible warning signal before the iron shuts off. The iron automatically shuts itself off after it has been left on the power base for more than 10 minutes.

Electronic Temperature Control

Maintains the selected temperature accurately, with the indicator lights signaling the temperature settings, controlled by a microprocessor.

CORD REEL
POWER CORD RETRACTOR

Automatic Retractable Cord Reel on Charging Base

With just a touch of a button, the cord reel automatically retracts the cord into the reel house, which is located on the charging base, eliminating tangles and messy storage.

Jet-Of-Steam/ Self-Cleaning

A powerful burst of steam helps remove stubborn wrinkles. This feature also helps clean the iron steam vents.

Stainless Steel Soleplate

With a series of round indications that trap pockets of air between the soleplate and the fabric, the iron glides smoothly and effortlessly.

Transparent Carrying Case

Easy to carry and store, case can be attached to base immediately after use.

Detachable Water Tank

Easily snaps on and off the main unit, allowing for convenient fill up at the sink.

NI-L70SR Specifications

Color	White/Aqua	Cordless	Yes
Rated Power	120V, 1500W	Electric Temperature Control	Yes
Temperature Range	248°F - 392°F	Heat Resistant Carrying Case	Yes
